

MRS. GLADYS CASNER, telephone conversation expert of the Southwestern Bell Telephone Company, working out of the regional office at Abilene, declared that a telephone is feminine, when she spoke at the Tuesday noon luncheon of the Hamlin Lions Club. Maybe one of the reasons for this long-time recognition of the phone is that the first telephone and exchange were made from wires from a woman's bustle, she asserted.

Among interesting observations about telephones, she said, during her 17 years of work with the telephone concern, was the story of a small girl, watching a telephone company serviceman take a phone apart, asked that he let her see "that woman operator" inside.

NOT THAT we are especially wrought up over the persistent rumors, but we are curious to know who is responsible for the stories that have gone around town for the past several days that we have sold The Herald.

At any rate, 'tain't so. And the folks who are spreading the gossip are asked to come around and let us in on the details. We'd be happy to know when and where we are being shipped—just so we can get on with our plans.

FOXTAIL JOHNSON, who writes a column in the Texas Sheep and Goat Raiser Magazine, printed at San Angelo, may not be one whose writings will go down in history—but they have a lot of horse sense tucked in between lines. For example here are a few recent squibs from his column:

"The state pen at Huntsville ain't quite as fancy a hotel as the main one at Austin, but the guests don't never lose sleep on account of highlous ledgislators.

Clab Huckey got sore when a salesman priced an IHC cotton picker at \$10,000, so he married an Arkansas picker and started himself a fleet. But each unit costs him about the same as a two-row John Deere model, Clab allows.

Dunno how the banks do it. They have cut their interest way down on the loans they never make me, and they throw in lots bigger and fancier insults when they say no.

UNABLE TO SLEEP nights an overwrought business man went to his doctor the other day in Hamlin and asked him to prescribe some sedatives. After making several tests, the doctor informed the executive that he was allergic to drugs.

"What about that twilight sleep I've heard so much about?" asked the business man.

"Oh, that's only for labor," replied the doctor.

"Good heavens," exclaimed the executive, "haven't you got anything for management?"

HEAT BUCKLES HIGHWAY—This section of U. S. Highway 57 was buckled by intense heat as temperatures last week soared to 107 degrees with little or no relief in sight to dent the Texas heat wave. The mercury reading at Hamlin has been above 100 degrees for several days during the past two or three weeks.

Head Grain Crop in Region Almost Complete Failure

Scattered Maize Turning Out Well Despite Drouth

While far from being anywhere near a normal crop, some patches of maize in the Hamlin territory are turning out surprisingly well, word coming to The Herald indicates. A few fields have harvested field yields.

However, generally the maize crop of the area is practically a "fizzle," declared a spokesman for the F. B. Moore Grain Company elevator in Hamlin.

What grain is coming in so far has graded fair, weighing an average of 54 pounds to the bushel, and is dry.

What grain is being harvested is probably yielding around 200 pounds per acre, which is very poor. It is a wonder, in face of the drouth, that any grain is being harvested at all, say grain dealers.

Moore was paying \$2.05 per 100 pounds for maize Wednesday.

Two Tennis Courts to Be Built by School

Two new concrete tennis courts for the Hamlin Schools will be constructed on Northwest Avenue D, just east of the northeast corner of Junior High School campus.

This announcement was made by Superintendent of Schools C. F. Cook Wednesday morning. Contract was made by the school board Tuesday night with Lawrence Crider of Stamford for the two 80x100-foot courts on his bid of \$2,280.

Harden Memorial Library Opened Monday; Book Rules Are Announced

Harden Memorial Library opened for business Monday morning at the site just west of Hamlin post office.

Mrs. Zelma Hulse and Mrs. Jerry Rollis were on hand to dispense books and take memberships.

Annual Watermelon Feast for 4-H Clubbers Set Friday at Anson

The annual 4-H Club watermelon party for Jones County boys and girls and their families will be held in the Anson City Park tomorrow (Friday) evening, August 17 at 6:00 o'clock. Club members and their families from all over Jones County are invited according to W. H. Lehmborg county agent, and Mary Y. Newberry, home demonstration agent.

A swim will get the party underway, with the watermelon slicing starting at 7:15.

This is an annual event, and is the last county-wide get-together in the 4-H Club summer recreation program, the agents declare.

HUMBLE OFFICIAL—Morgan J. Davis, nationally known geologist and former president of the National Geologist Society, was elected executive vice president of the Humble Oil & Refining Company at their annual meeting.

Sunset Baptist Church Revival Underway

One addition to the church had been reported through Tuesday evening in the revival meeting that is underway at the Sunset Baptist Church, corner of Northwest Sixth Street and Avenue C according to the pastor, Rev. R. B. Tiner.

Rev. James Harvey, young pastor of the Park Place Baptist Church in Abilene, is doing the preaching in the 10-day series of services, which will continue through Sunday evening.

Work on School Gym Ahead of Schedule

Work on the new \$150,000 gymnasium and band hall of Hamlin High School is proceeding ahead of schedule, it was announced this week by School Superintendent C. F. Cook, who declared that the building probably will be ready for occupancy by November 1, barring complications.

Original completion date had previously been set for December 1.

Workmen have been working this week on ceilings in the structure, and some brick finishing work is due to be done this week-end.

The following rules will be posted and are in effect now, announce members of the Woman's Forum, sponsoring organization:

1. The library fee is \$1 per family per year.
2. Membership cards will be kept in the library for convenience to the family, as cards issued might be lost.
3. Books may be checked out for one week. They may be re-checked if book is returned at that time to be stamped with date due.
4. All damages to books must be paid for by the person who borrowed the book.
5. A fine of two cents per day will be charged for each day a book is overdue.
6. Only two books may be checked out by a family at one time.
7. If an individual in the family prefers he may have his own card.
8. Lost books must be paid for by the person losing the book. If book is found at later date, it may be returned and cost will be refunded.

High Speeds and Drinking Leading Cause of Mishaps

Tragedy rode the highways in July in the Abilene Highway Patrol District, said Captain G. L. Morahan, after scanning the July accident figures, in a release to The Herald.

Twelve persons died in the Abilene district in 10 fatal accidents. Fatigue and drinking while driving, coupled with speed, were the greatest causative factors of these fatal accidents.

Five people died in Scurry County accidents and two died in Taylor County. Captain Morahan cautioned, "Let's weed out our habits and handicaps, such as late starts, impatience, intemperance, temper, fatigue, little law violations, speeding, willingness to take a chance and downright bullheadedness. Let's rid ourselves of the notion that it is every man for himself. Let's try remedying, teaching and developing regard for the other fellow."

An automobile is as deadly as a gun in a man's hand. We must respect it, keep it in top notch condition, and as we use it, keep it under control, Morahan said.

Good Crowds Attend Revival at Fairview

Good crowds are attending the series of revival services that are in progress at the Fairview Baptist Church, seven miles southeast of Hamlin, according to the pastor, Rev. M. E. Randolph. The meeting will continue through Sunday evening.

Rev. L. D. Regeon, pastor of the North Grape Street Baptist Church in Abilene, is doing the preaching at services, being held at 10:00 a. m. and 8:00 p. m.

Hamlin Man Hurt In Car Accident in Which One Killed

Harry Tom Stapler, former Hamlin young oil field worker, was released from the Root Memorial Hospital in Colorado city Sunday following treatment of injuries sustained early Saturday morning in an automobile wreck two miles west of Colorado City.

Floyd Edward McAuley, 53, of Baird, was killed in the accident, in which young Stapler and Paul Richardson, 33, of Odessa were injured.

The car was owned by Bob Stapler of Grandfalls, who was not in the auto. Stapler's father, A. T. Stapler of Hamlin, said that Harry Tom had borrowed his brother's car to visit relatives in Abilene, and had taken McAuley along to drive. Richardson was picked up near Big Spring.

The car overturned, killing McAuley almost instantly. Stapler and Richardson suffered painful but not serious injuries. Funeral for McAuley, who is survived by his mother of Baird and a brother, H. R. McAuley of Hobbs, New Mexico, were conducted Monday at Baird.

Preparations Being Made for Nearly 100 At Griddar Barbecue

Preparations are being made to provide barbecue for nearly 100 attendants at the barbecue scheduled for gridders, coaches and boosters of the Hamlin Pipers Friday evening, August 24, at the Piped Piper field house, according to officials of the Piped Piper Booster Club, sponsor of the annual event.

Indications are that close to 70 football prospects for Hamlin High School will be on hand, as well as coaches and others interested in giving the gridders a pre-season send-off.

The affair will begin at 6:30 o'clock at the field house, when luscious barbecue with all the usual trimmings will be served to attendants.

President Bobby Crowley of the Booster Club says memberships are now being sold in the group at \$3. Johnny Steele is secretary.

Attendance at City's Sunday Schools Up From Previous Week

An increase of nearly 100 at Sunday School last Sunday over the previous week was reported in tabulations of 13 churches of Hamlin. The 1,289 total also was 29 more than the total for a year ago.

Attendance of the various churches for August 12, August 5 and a year ago follow:

Several Additions in North Central Revival

Five conversions and seven additions to the church had been reported in the revival meeting underway at the North Central Avenue Baptist Church through Tuesday, according to Rev. Woodrow McHugh, pastor.

Rev. T. W. Teel, pastor of the Blackwell Baptist Church, is doing the preaching in the series of services, which will continue through Sunday evening.

H-SU Bible Professor To Speak to Baptists

Dr. L. Harris, head of the Bible department of Hardin-Simmons University in Abilene, will fill the pulpit at the First Baptist Church at both services Sunday, church leaders announced Wednesday.

The church has been without a pastor since the June resignation of Rev. Houston Walker.

AILING VETERAN—Walter W. Williams, oldest surviving Civil War veteran, is comforted by his wife, Ella, 84, in their home at Franklin. Williams, 113, has been suffering from dropsy and low blood pressure for several weeks.

First 1,56 Bale Raised by Madden

First bale of 1956 cotton for the Hamlin territory was brought into town Tuesday by W. J. Madden from his farm about eight miles west of Hamlin.

This August 14 bale was one day earlier than last year's first bale, which was brought in by W. J. Waddle. That also was one day earlier than the 1954 bale, which was grown by J. A. Harden.

The 2,100 pounds of seed cotton was gathered from 12 acres of land on the Madden place, and it ginned into a 565-pound bale of lint cotton.

The 1956 first bale was ginned by the Hamlin Farmers Cooperative Gin, of which Watt Fletcher is manager. The ginning was done complimentary by the gin, as first bales are always ginned without charge.

Fletcher bought the first bale for 33 cents a pound.

Incidentally, there is quite a bit of early cotton opening in the Hamlin section, and several other bales of cotton are expected to be ginned within the next two weeks, according to local ginners.

Parent Can Do Much to Make Start to School of Little Tots More Natural

Starting to school is a big event in every child's life, Mary Y. Newberry, home demonstration agent, reminds us. The experience will be a happy one, if your youngster is physically, mentally and emotionally ready for it.

Children should not be entered in school unless they can meet certain practical tests to show they are ready. These tests are suggested by the White House conference on child health and protection:

First of all, a child needs to know his own name and address well enough to repeat it to others if necessary.

Physically, he needs to be fairly independent and well trained. He should be able to dress and undress himself, take care of toilet needs, and eat wholesome food without assistance. If he is able to run, climb and use his hands easily in simple construction and play, he will be more at ease with other youngsters.

Check on his intellectual readiness. He should talk readily, using sentences, understand and carry out simple directions, and show a healthy curiosity and desire to experiment. It will help if he knows the names and uses of the common objects in his environment.

Health check-ups are very important. Be sure to include eye, ear, nose and throat examinations and dental check. Plan for necessary vaccinations and immunizations. Build up general health with lots of rest and nourishing foods during the remainder of the summer.

School will mean a new social situation. He will be happier if he has learned to play with other children, respects their possessions and assumes some responsibility for his own belongings.

Mack Fullerton Named Tuesday As Band Director

Fear that Hamlin Schools might feel the pinch of teacher shortages that are plaguing many schools of the country just now was alleviated middle of the week when it was announced that two new teachers and a school nurse had been hired by the school board of the Hamlin Consolidated Independent School District Tuesday night.

Superintendent of Schools C. F. Cook announced that a new band director and a teacher for social studies in the seventh and eighth grades Tuesday left only two vacancies on the school faculty this week. These vacancies, he said, should be filled within a few days. The vacancies are a first grade teacher and a math instructor for the seventh and eighth grades.

Elected as new band director to replace Jess Parrish, who resigned last week, was Mack Fullerton of Abilene. New social studies teacher in Junior High School will be Jon Adams, to replace H. D. Adams. Don is a Hamlin man.

Parrish, who has completed two years at Hamlin, has accepted a place with Magnolia Oil Company in Abilene. Adams has been the high school principal's place at South Taylor County School at Tuscola.

Fullerton is a graduate of Abilene High School, and took his bachelor of science degree in musical education at Hardin-Simmons University in 1951. He received a master of science degree in musical education at North Texas State College at Denton in 1951, teaching band at Garland and Grand Prairie part time while attending NTSC. He directed a band in El Paso schools in 1952-53. After a brief business career

CHURCHES OFFERING NEEDED FOR SOULS OF MEN

Most of the churches of the Hamlin area have either recently conducted summer revival campaigns, have them underway or are planning them for the very near future. All of which points up the fact that our churches are endeavoring to answer the spiritual needs of the people of this section. They are striving to give the people the food for their souls that is so necessary for the full, creative life.

Hamlin is proud of its churches and the roles they are playing in the every-day life of a majority of the people. Just as people need nourishment and sustenance, so do their souls need the inspiration and edification that only higher, cleaner thinking can give them.

Speaking of churches, we read an article recently in a magazine coming to our desk that had some thought-provoking statements which we believe will be appropriate here:

The First Christian Church of Oklahoma City has erected an unusual building, and Religious News Service calls it the "Church of Tomorrow." Since the education building is circular the class rooms are wedge-shaped, and it is said to have the appearance of an "overgrown beehive." The architect says no symbolism was intended in the design of the building.

The "beehive" part is all right. Church

members ought to be as busy as bees. It would be a fine thing if each of them brought the honey into the central storehouse. There is a queen-bee in many churches who pretty well rules the whole colony. Oftentimes when have some drones in them. Oftentimes when the congregation is assembled the sound of 1,000 bees "a-buzzin'" and "a-hummin'." In some congregations it never lets up until the preacher starts to preach. As with a beehive in warm and pleasant weather there are more on the outside than inside. When the storms and adverse weather come they all try to hibernate until happy times come again. A bee's stinger is for his own protection, but if you get him angry he can be mighty nasty with it. The human tongue can be more venomous and leave a hurt that lasts much longer.

The "Church of Tomorrow" is another matter. We do not need a church for tomorrow. Let tomorrow build its own churches. We need a church for today that can and will meet the needs of today. The building that was adequate yesterday may not be sufficient for today. To be sure, those who build should take cognizance of the fact that there may be a tomorrow and that the plans we now make may greatly affect the next generation.

Art of Getting Along

Sooner or later a man, if he is wise, discovers that life is a mixture of good days and bad, victory and defeat, give and take.

He learns that it doesn't pay to be a sensitive soul; that he should let some unimportant things go over his head.

He learns that the quickest way to become unpopular is to carry tales and gossip about others.

He learns that buck-passing turns out to be a boomerang.

He comes to realize that the business could run along perfectly well without him.

He learns that it doesn't matter so much who gets the credit so long as the business order, because experience has shown that it he always gives his best his average will break pretty well.

He learns that no man ever got to first base alone, and that it is only through effort we move on to better things.

He learns that bosses are no monsters, trying to get the last ounce of work out of him shows a profit.

He learns to sympathize with the youngster coming into the business, because he remembers how bewildered he was when he first started out.

He learns not to worry when he loses an for the least amount of pay, but that they are usually fine men who have succeeded through hard work and who want to do the right thing.

He learns that folks are not any harder to get along with in one place than another, and that the "getting along" depends about 98 per cent on his own behavior.

Let's Do It Now!

Micher calls, "Get up, Johnny!" But Johnny turns over for another snooze and arrives fifteen minutes late for breakfast. He lingers in the way to school, then must stay in for being late. He puts off studying until late in the evening, and goes to bed at an hour much later than he should.

What is wrong with Johnny's scheme of life? He has failed to cultivate the habit of promptness.

The prominent people of the world who do things and are successful in things they undertake are the ones who don't have time to be late. Their duties are so numerous that they must do everything on schedule and at a scheduled time.

If you are inclined to be like Johnny, now is the time to make that necessary change and get it done now!

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

TWENTY YEARS AGO.

News notes of interest in the Hamlin community 20 years ago included the following, reprinted from the issue of The Hamlin Herald dated August 14, 1936:

Members of the First Baptist Church will vote Sunday on whether or not they will accept the resignation of Rev. Henry Littleton.

In his successful reelection to the state Senate, Wilbourne B. Collier of Eastland broke a precedent in the district. Never before has a senator been reelected since the district was organized. He defeated two veterans in Texas politics, Harry Tom King of Abilene and Y. L. Thomason of Haskell.

Mayor Joe Culbertson and family and Frances Joy Via left Saturday for a trip to South Texas.

May Gay and Elsie Withers went to the two Centennial cities Sunday to spend three or four days of seeing things.

Barney Beavers of Neidra community brought in the first bale of 1936 cotton Monday. The 510-pound bale was ginned by the Farmers Gin Company.

Margaret Harber of Abilene is spending the week with her grandparents, Mr. and Mrs. D. L. Bristow.

TEN YEARS AGO.

Among goings-on in the Hamlin community 10 years ago were the following, as recorded in the issue of The Hamlin Herald dated August 16, 1946:

Crops in the Hamlin section continue to sear as the drought persists. It has been 56 days since any rain of appreciable amount has fallen in the region.

Final meeting at the Hamlin Youth Center for the season will feature a watermelon feast Saturday evening at 8:00 o'clock.

J. C. Scott and family have moved to Hamlin from Haskell. He has accepted the ministry of the Hamlin Church of Christ.

Elzy Bennett automatically became county tax assessor-collector of Jones County last week-end when Weaver Baucum, second man in the recent three-man primary election, withdrew.

Trading in oil properties in the Hamlin section has been brisk in recent days. Payments of up to \$100 per acre have been made for leases close to production, The Herald learns.

Caliche work on the new Hamlin-to-McCauley highway is nearing completion, and hard surfacing is scheduled soon.

First bale of 1946 cotton was ginned at Rotan Saturday. It was harvested by Elmo Cobb in the Dowell community. It sold for 40 cents per pound.

FIVE YEARS AGO.

Among happenings of the Hamlin community five years ago were the following, reproduced in brief from the issue of The Hamlin Herald dated August 17, 1951:

Jake Lawson, manager of Lone Star Gas Company, was established as golf champion of the Lakeview Golf Club this week after completion of tournament play. He defeated John F. Green Saturday, four and three.

Brad Rowland Jr. is making a fine impression with his kicking in try-outs with the Chicago Bears professional football team, according to reports coming from the team's training camp in Indiana.

First test for oil in the Moore Lake vicinity west of Hamlin has been slated this week with staking of a test by G. A. Walters of Tyler on the Tom Holman tract.

Cotton loan rate for 1951 production has been set at 31.52 cents per pound.

ONE YEAR AGO.
News items in the Hamlin community of one year ago included the following, condensed from the issue of The Hamlin Herald dated August 12, 1955:

Cotton in the Hamlin section is in a precarious position because of the continued drought. Whether rains fall in the next several days or not will determine greatly the amount of cotton produced.

Hamlin Booster Club has slated an ice cream supper for prospective athletes at Hamlin High School, coaches and interested business people, according to Bill Harbert, president of the club.

Record enrollment of 134 at the DePriest Cole School in Hamlin has been recorded, according to E. S. Morgan, principal. The school started early last Monday in order to permit turning out for cotton picking later in the season.

Proposed Constitutional Amendment to Be Voted on at an Election to Be Held on November 13, 1956.

HOUSE JOINT RESOLUTION NO. 36 proposing an amendment to Article III of the Constitution of the State of Texas, by adopting a new Section 1 to be known as Section 51-b, giving the Legislature the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient, for assistance to needy individuals who are citizens of the United States, who are more than eighteen (18) years of age and less than sixty-five (65) years of age, who are permanently and totally disabled by reason of a mental or physical handicap, and not feasible for vocational rehabilitation, who are residents of the State of Texas, except that the individuals who are receiving aid for the permanently and totally disabled may not, during the same period of time, receive Old Age Assistance, Aid to the Needy Blind, or Aid to Dependent Children, or be resident in any completely State supported institution; providing that the Legislature shall have the authority to accept from the Government of the United States such financial aid for the permanently and totally disabled individuals; providing that the amount paid to any individual may not exceed Twenty Dollars (\$20) a month out of State funds and may never exceed the amount paid to that individual from Federal funds; providing that the amount paid out of State funds for assistance payments shall not exceed One Million, Five Hundred Thousand Dollars (\$1,500,000) per year; providing for the necessary proclamation, publication and election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 51-b which shall read as follows:

Section 51-b. The Legislature shall have the power to provide by general laws, under such limitations and restrictions as may be deemed by the Legislature expedient, for assistance to needy individuals, who are citizens of the United States, who shall have passed their eighteenth (18th) birthday but have not reached their sixty-fifth (65th) birthday, who are totally and permanently disabled by reason of a mental or physical handicap, and not feasible for vocational rehabilitation, and who are residents of the State of Texas, who have resided in this State for at least one (1) year continuously immediately preceding the application and who have resided in the State for at least one (1) year immediately preceding the application for assistance; and providing further that no individual shall receive permanently in any completely State supported institution; and provided further that the amount paid out of State funds to any individual may never exceed the amount paid to that individual out of Federal funds; and provided further that the amount paid out of State funds for assistance payments shall not exceed One Million, Five Hundred Thousand Dollars (\$1,500,000) per year.

"The Legislature shall have the authority to accept from the Government of the United States such financial aid for individuals who are permanently and totally disabled as that Government may offer not inconsistent with the restrictions herein provided for."

Section 2. The foregoing Constitutional Amendment shall be submitted to the voters of the State of Texas on the second Tuesday in November, 1956, at which election there shall be printed on the ballot the following clause:

"FOR THE Amendment giving the Legislature the power to provide for assistance not to exceed Twenty Dollars (\$20) a month out of State funds for each needy individual, eighteen (18) years of age or older, who is a resident of the State of Texas and who is permanently and totally disabled by reason of his mental or physical handicap."

"AGAINST THE Amendment giving the Legislature the power to provide for assistance not to exceed Twenty Dollars (\$20) a month out of State funds for each needy individual, eighteen (18) years of age or older, who is a resident of the State of Texas and who is permanently and totally disabled by reason of his mental or physical handicap."

Section 3. The Governor of the State shall issue the necessary proclamation for an election and have the same published as required by the Constitution and Laws of the State.

Gift Tea in Clyde Grice Home Friday Eve Honors Tobye Seller, Bride-to-Be

Toby Seller, bride-elect of Guy Weaver of Hamlin, was honored at a gift tea in the home of Mrs. Clyde Grice Friday evening.

The bride-elect's chosen colors of blue, silver and white were used throughout the decorations in the home. The tea table was set with a white cut-work tablecloth. The centerpiece was a large white satin heart, trimmed in white lace, with a blue satin arrow through the heart. A white dove bird was in the center of the heart also. Crystal and silver

appointments were on the table. The guests were greeted at the door by Mrs. Clyde Grice and presented to the honoree; her mother, Mrs. Charlie Sellers; the bridegroom-elect's mother, Mrs. Noel Weaver; Algela Malouf, Betty Walker of Dallas and Margaret Howard of Denver, Colorado.

Punch was ladled by Atha Lea Grice and Mary Willingham.

Other hostesses were Mmes. Edgar Duncan, LaFoy Patterson, George Malouf, Johnnie Agnew, Marvin Carlton, Audrey Hodnett, Van Huling, Sam Hodges, R. E. McCormick and S. C. Constantine and Misses Atha Lea Grice, Faith Simpson and Mary Willingham.

Max Murrell to Wed North Carolina Girl

Mr. and Mrs. Selwyn Francis Orcutt of Fayetteville, North Carolina, have announced the engagement and approaching marriage of their daughter, Jane Lesley, to Maxwell Rogers Murrell, first lieutenant in the U. S. Army.

Young Murrell is the son of Mr. and Mrs. Carl T. Murrell of Hamlin.

The wedding is scheduled to take place in January.

"Hot Flashes Stopped" or strikingly relieved

in 63-80% of cases in doctors' tests

If you're miserable from the "hot flashes," and accompanying irritability, restless feelings of "change of life"—you may be suffering unnecessarily!

For... in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering in 63% and 80% (respectively) of the women tested! Complete or striking relief!

Yes! Research has proved these medicines thoroughly modern in action—has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change!"

So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! "Wonderful, too, for the functional pains of menstrual periods!"

It acts through a woman's sympathetic nervous system to relieve distress of those awful "hot waves!"

The state penitentiary at Huntsville was built in 1849.

The world's largest cotton plantation is in Mississippi.

A cool summer fashion designed by Helen Harper features the slim-as-a-reed silhouette. The fabric is a new cotton knit by Fair-Tex. Dramatic stripes are used vertically for a slender effect with a contrasting rib knit neckline trim. Cotton knits are making a big bit for town and travel this summer. National Cotton Council fashionists report.

Gift Tea in Riddle Home Saturday Honors Mrs. J. C. Rose

A gift tea honoring Mrs. J. C. Rose was given in the home of Mrs. Ralph Riddle Saturday afternoon from 2:00 to 5:00 o'clock.

Mrs. Kenneth Riddle greeted the guests at the door and presented them to Mrs. J. A. Rose, Mrs. J. C. Rose, the honoree, Mrs. Ragan Rose and Mrs. Wilma Johnson of Abilene.

Mrs. Tommy Richey, Mrs. Bert Oliver and Mrs. Ed Lewis displayed the gifts.

The bride's colors of blue and white were used in the table decorations. The table was laid with a lace cloth over blue. The centerpiece was of white and blue chrysanthemums with blue candles on each side. Mrs. Melvin Scott, Mrs. Joe Wayne Carter and Mrs. Duane Stephens assisted in the dining room.

Mrs. Tom Brady was at the register. Mrs. Fred Vaughan Jr. said the good-byes.

SPELLING LESSON.

A salesman, phoning a prospect at home, was answered by a child.

"Tell him Mr. Brown called," he said.

"How do you spell Brown?" the child asked.

"B-R-O," the man began. Then there was a labored silence.

Finally, the difficulty was explained.

"How," asked the child, "do you make a 'B'?"

Color, Color, and More Color

Nowadays, products of every kind seem to be coming out in more colors than the rainbow. You see the advertisements for these products in magazines, and you see them in stores and shops around town. Yes, everyone is "going to color."

The telephone company is, too. Our new color telephones come in eight bright colors to blend or contrast with the color schemes in your home, office, or store.

And that means a double advantage for you. Because if you've been thinking about ordering an extension telephone, why not ask for one in color? You get extra convenience with an extension, and color adds a touch of good looks to your home or office.

You can select from among ivory, green beige, yellow, red, blue, gray and brown.

Just call the telephone business office, or stop in next time you're in the neighborhood. The cost is a one-time installation charge of \$12.00. Extension service is \$1.00 a month.

Brighten Up Your Week-End

Summer week-ends are times for mowing the lawn, putting around the house, and relaxing a bit. Or maybe you like to golf, prune the flowers, or just keep cool. At any rate, summer week-ends are always perfect for "get-togethers" with family or friends.

For many of us, family or good friends are just around the corner or up the block.

But if members of your family or old friends are miles away, you can still count them in on your week-end get-togethers—with a Long Distance call. And hearing their voices again adds to your week-end fun.

Why not call this week-end? Rates are lower all day Sunday, and after 6:00 p. m. on week days. And when you do, call by number—it's twice as fast.

Cartoons Tell a Story

We see cartoons from time to time of the man calling home to tell his wife he'll be late for dinner. As she hangs up the telephone, she races to pull dinner out of the stove.

Maybe the moral of the story is to call your wife if you're going to be late. Otherwise, you'll be eating a burnt dinner.

At the telephone company, we read between the lines and see that the telephone "saved the day" once again. Actually, the telephone "saves the day" many times each day as we count on it more and more to save us time and steps.

Call by number. It's twice as fast.

Today you can have what other cars may not have for years

JUST BETWEEN US—don't you get a kick out of keeping a step ahead of the other fellow—especially when it comes to cars?

So wouldn't you find it fun to boss the newest thing in motordom—a car with the greatest advance in transmissions since the gearshift left the floor?

And wouldn't you like to have all this at a price that is right—and when the weather is right—and right when your car is at its top worth?

Well, sir, we've got that kind of situation for you—now.

Because this very day you can step into a 1956 Buick with Variable Pitch Dynaflo* and drive away with a transmission so modern, so responsive, so smooth that you may not find its like in other cars for years to come.

You can have the thrill of split-second action from the merest nudge of the pedal—and with

the good-news gas savings this economy range brings.

You can have the safety-surge of power that comes from pushing down on the pedal and switching the pitch.

All with the wallowing might of Buick's 322-cubic-inch V8 engine. All with the new luxury of a ride that's built on 4 brawny coil springs for buoyant levelness. A ride with ease and sweeter handling.

Best of all, you can make the buy of a lifetime. For today's low prices have helped move Buick into America's best-selling 3 more firmly than ever.

That means we can come to terms on the trade-in value of your car in a way that's bound to tickle you pink.

Why not stop in and take us up on that—today?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Green B. Phillips, Retired Farmer, Passes Tuesday

Green B. Phillips, 88-year-old retired Hamlin farmer, died Tuesday at the Hamlin Memorial Hospital, a few minutes after having arrived there. He had been seriously ill for two months, and had been in failing health for several years.

Funeral services were conducted at the First Baptist Church Wednesday afternoon at 4:00 o'clock. Officiating were Rev. Woodrow McHugh, pastor of the North Central Avenue Baptist Church, and Rev. Gene McCombs of Lueders.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers were Marvin Hill, Delmer Hill, Bob Christian, George Campbell, J. R. Rhoton and Olen Cooper.

Mr. Phillips was born March 14, 1868, near Jackson, Mississippi, the son of Mr. and Mrs. Calvin Phillips. He graduated from the Greenville, Mississippi, Business College. He married the former Lillie Tolbert at Lovington, New Mexico, on December 25, 1910. The couple had farmed in the Hitson community, west of Hamlin, and had moved into town about eight years ago.

Mr. Phillips became a Christian at the age of 12 years, uniting with a Missionary Baptist Church near Jackson, Mississippi. He was an active deacon for 60 years.

He moved to Texas in 1889, and moved to Fisher County in 1913. He has lived in Fisher and Jones Counties since that date.

Survivors include the widow, Mrs. G. B. Phillips; two sons, R. B. Phillips of Lueders and Jack T. Phillips of Lubbock; two daughters, Mrs. E. R. Ewing of Longworth and Mrs. George Tompkins of McCombs; 12 grandchildren and two great-grandsons.

Minimum Milk Price For July Set at \$5.58

Minimum uniform price to be paid for 4.0 per cent milk received by Central West Texas handlers from producers during July will be \$5.58 per 100 pounds, according to an announcement to The Herald by Byford W. Bain, market administrator.

This price is subject to location and butterfat differentials.

Daily Class I sales by Central West Texas handlers decreased from 357,390 pounds in June to 345,750 pounds in July, or a decrease of 3.26 per cent. Daily producer receipts exhibited a similar picture, declining from 451,108 pounds in June to 427,713 pounds in July or a decrease of 5.19 per cent.

Two Hamlin Soldiers Help Give Support To ROTC Training

Two soldiers from Hamlin, Privates Kenneth W. Cary and James T. Spencer, helped provide support for the six-week ROTC summer training camp which ended August 3 at Fort Riley, Kansas, according to a release to The Herald from the Kansas post.

The men are assigned to the First Infantry Division of the 18th Regiment.

Cary, whose wife, Joyce, and parents, Mr. and Mrs. R. A. Cary, live in Hamlin, was last stationed at Fort Ord, California. He was graduated from Hamlin High School in 1952.

Spencer, son of Mr. and Mrs. A. Spencer, is a driver in the division's Company H. He entered the Army in September, 1955, and completed basic training at Fort Ord. A 1955 graduate of Texas Technological College, he is a member of Delta Sigma Pi fraternity.

46 Attend 4-H Club Record Book Training

A Jones County 4-H Club record book training meeting was held in the county agent's office at Anson last Monday at 9:30 a. m. There was a total of 46 attending, 38 of the number being 4-H boys and girls and eight were adult leaders. Bill Lehmberg, county agent, and Mary Y. Newberry, home demonstration agent, conducted the meeting.

A film entitled "Making Your 4-H Record Book" was shown. Purpose of the meeting was to help individual club members with their record keeping problems.

The group brought their picnic lunches, ate together at the city park, and climaxed the program with a swim.

Telephone Tips Given by Expert In Lions Club Talk

"Telephone Tips for Today and Tomorrow" was the title of an interesting talk by Mrs. Gladys Casner, representative of the Southwestern Bell Telephone Company, at the Tuesday noon luncheon of the Hamlin Lions Club at the old mill guest house.

Mrs. Casner, who is a specialist in telephone conversation, urged tact and warmth in conversation for obvious improvements. She declared that men's voices, contrary to general beliefs, are more readily understood over the phone because of their resonant tones.

The telephone representative reviewed early telephone history, pointing out that its inventor,

Alexander Graham Bell, was not a scientist. From that early beginning she said that today more than 200,000,000 phone calls are handled each day in the United States.

Words like "yes," "no" and "okay" used by themselves are objectionable telephone replies, she declared. Also "Who is this?" is repulsive many times. More tactful and warm expressions can improve one's conversation, she stated.

President Edgar Duncan announced that Tuesday, September 25, had been set as date for the annual Caravan for the Blind broom sale by the Lions Club.

Besides Mrs. Casner, other guests at the Tuesday luncheon included C. A. Anderson of Westbrook and Private First Class Jimmy Spencer.

The duration of a trade mark registration is 20 years.

Baptist Youths to Go To Anson Gathering

Young members and friends of the First Baptist Church will conduct their weekly youth fellowship meeting Saturday evening, announce Mr. and Mrs. Ed Wiggins, sponsors.

The group will meet at the church at 7:15 p. m., then go in a body to the First Baptist Church in Anson to participate in the youth revival being conducted there. Rev. Charlie Massagee is doing the preaching and Jackie Fryar directing the music in the Anson meeting.

BULLETIN LIST READY.

A revised listing of Texas Agricultural Extension Service and Experiment Station publications, MP-151, is available at the offices of county extension agents. Also L-190, "Growing Cantaloupes Under Irrigation."

NEW TEACHERS

(concluded from page one)

State Capitol NEWS

By Vern Sanford,
Manager, Texas Press Association
Austin.—The eyes of Texas are on Chicago this week. And, politically speaking, the state nestles in one man's pocket.

Senator Lyndon Johnson heads the 112-member Texas delegation, each of whom will cast one-half vote of the state's 56 nominating votes. They are pledged to support him as a favorite son nominee until he releases them.

Thereafter they will vote under the unit rule, probably for whatever candidate is favored by Senator Johnson. All delegates and the 70 alternates were selected by the May convention with the senator's approval.

Another Texan, Speaker Sam Rayburn, figures prominently in convention affairs. He will be presiding over a presidential convention for the third time.

LOSE UGLY FAT IN TEN DAYS OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new and convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger and appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions, and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this guarantee: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by Howard City Drug Store, Hamlin. Mail orders filled.

convention is a subject of heated debate.

Actual outcome will not be known until the meeting gets underway in Fort Worth. Rival conservative and liberal delegations will struggle for nearly 600 seats. Convention control hinges on these places.

Precinct and county conventions name some 577 definitely liberal delegates, about 224 conservatives. But neither side can control the 1,900-vote convention without the contested seats.

Mrs. Kathleen Voigt of San Antonio, liberal leader, charged last week the conservative executive committee planned to "steal" the convention. She asked that the May state convention, which was recessed rather than adjourned, be reconvened to take charge of the situation.

Executive Committee Chairman George Sandlin dismissed Mrs. Voigt's charges as "the same old thing every two years."

He promised the committee would give all contesting delegations a fair hearing and seat those legally entitled to places. He predicted the convention would be made up of middle-of-the-road conservatives "with no ax to grind."

As for the May convention, he felt the intervening precinct and county conventions had made it past history.

Who should investigate alleged voting irregularities in Webb County is still being debated.

Shepperd has twice been set back in efforts to set up a state level inquiry. But his office said he intends to continue the fight.

At Shepperd's behest, Austin District Judge Charles O. Betts sent Dan Moody Jr. to Laredo to act as master in chancery of an inquiry.

Webb County District Judge R. D. Wright issued an injunction to stop the Moody investigation. He claimed prior jurisdiction for the questioning being conducted in his own court.

Shepperd and Moody took the matter to the State Supreme Court, which rejected their petition.

Meanwhile the Webb County grand jury indicted seven persons. But spokesmen for the Reform Party called this "window dressing." They were still working for an investigation originating in Austin.

Awaiting the Supreme Court when it reconvenes in October will be a motion for re-hearing in the long contested Santa Fe Railway case.

In July the court upheld the right of unions to make closed shop agreements in the railway industry. Such contracts are prohibited by the state "right to work" law, but allowed by the federal railway act.

In their motion, railway attorneys asked the court either to reverse the July ruling or modify it. They contended that union contracts should allow only for collection of "dues and assessments necessary to collective bargaining action."

King Cotton is wearing a dour, scarred crown.

U. S. Department of Agriculture estimates put Texas' 1956 cotton crop at 3,600,000 bales, compared to 4,039,000 last year.

Prospective yields ran to extremes. They were termed "extremely poor" in dry land areas, "excellent" in irrigated sections.

Farmers who did not grow cotton will get the lion's share of Texas' soil bank payments. Of the \$22,000,000 to be paid to Texas farmers by the federal government within the next few weeks, more than \$16,000,000 will go for idle cotton acreage.

Vernis W. Day, 63, Former Hamlin Resident, Passes

Final rites for Vivian Madden, 73-year-old retired farmer of Hamlin, were conducted Friday afternoon at the North Central Avenue Baptist Church in Hamlin. He died last Wednesday night at the Hamlin Memorial Hospital after an illness of about 30 days following a heart attack.

Officiating at the services were Rev. Woodrow McHugh, pastor of the local church, and Rev. L. D. Regeon, pastor of North Grape Street Baptist Church in Abilene.

Born October 4, 1882, in Ellis County, Madden came to West Texas with his parents about 52 years ago, settling in the McCauley community, where they had farmed. He married the former Ida Lee Barnard of McCauley on January 1, 1905. They moved to Hamlin in 1940. He was a member of the Baptist Church and the Masonic Lodge.

Burial was in the McCauley Cemetery under direction of the Hamlin Funeral Home. Pallbearers were Harold Lee, Robert Rhoton, Henry White, Ray Huling, R. H. McCurdy and Cecil Richardson.

Surviving Mr. Madden are his wife, Mrs. Ida Lee Madden; one son, Othol C. Madden of Lubbock; one daughter, Mrs. Ed Niedeecken of Abilene; one brother, W. J. Madden of Hamlin; six grandchildren, Eugene Niedeecken, Mrs. Johnny Reddin, Mrs. Charles Thomas and Rosa Niedeecken, all of Abilene, and O. C. Madden Jr. and Robert Madden, both of Lubbock; two great-grandchildren, Gene Davis Niedeecken and Steven Paul Thomas of Abilene.

STILL AT HOME.

The father played possum while his youngsters tried their best to rouse him from a Sunday afternoon nap to take them for a promised walk.

Finally, his five-year-old daughter pried open one of his eyelids, peered carefully, then reported: "He's still in there!"

GOOD DEDUCING.

The teacher questioned little Johnny—"Tell me what you know about George Washington. Was he a soldier or a sailor?"

"I think he was a soldier?" replied Johnny.

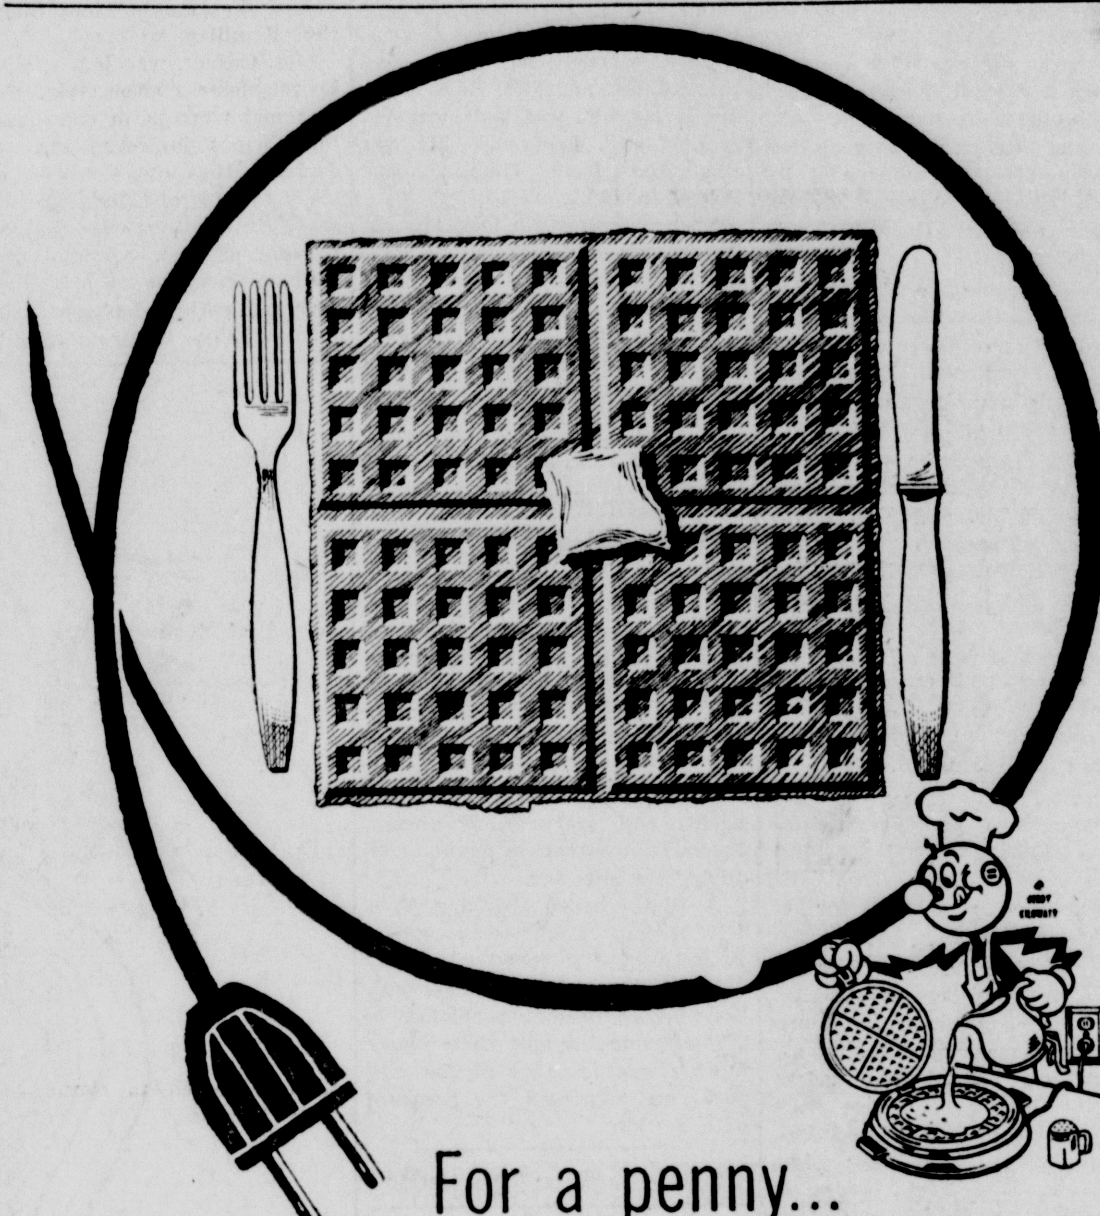

"Why do you think he was a soldier?"

"I saw a picture of him when he crossed the Delaware," he replied, "and a sailor knows enough not to stand up in a rowboat."

It doesn't cost a cent to
Take a Ford Test Drive...
and you may save hundreds!

Would you
trade 20 minutes of your time
for a saving of hundreds?

August is Saving Season
at your Ford Dealer's.
Bag a deal while he clears
his decks for the '57 models.

Why put off the fun of a Ford Test Drive for a single day? As you know, it puts you under absolutely no obligation. And it may save you literally hundreds of dollars—we'll get to that a little further on.

By a 'Test Drive' we mean more than a once-around-the-block "spin."

We want you to test the power that rocketed Ford to a 500-mile stock car record at Indianapolis... the GO that won the grand prize at NASCAR's Daytona Championships. We want you to feel how this Ford car pays off in your kind of driving: in traffic, passing on the highway, getting going at traffic lights. We'll put either a Ford Six or a mighty V-8 with up to 225 h.p. at your disposal.

We want you to drive and listen—drive and feel.

That fine-car quiet results from sound

insulation under the hood, under the roof, in door and body panels—the most insulation in any car at anywhere near Ford's low price.

Some other things that contribute to that smooth, silent, luxury-car ride are things which Ford's leading competitor certainly can't boast: Ball-joint suspension with wide base control arms for better steering, more stabilized wheel alignment... shock absorbers that are mounted to the frame rather than the body.

"Sure," you'll say as you drive along the road. "Feels pretty good—but after all, this car is new."

Well sir, when you come in from your drive we'll show you why Ford will stay like new for a long, long time.

We'll show you how Ford has five cross-members (including a "K" member) in its frame. Ford's leading competitor only has

two. We'll show you the deep-block V-like engine design which enables Ford engines to take it.

Now—what you've been waiting for. How can you save hundreds of dollars by taking a Ford Test Drive?

Simply by proving to yourself that there really is a fine car in the low-price field.

You see, the reason a Ford does not cost hundreds of dollars more than it does, is Ford's huge production and the huge volume which we Ford Dealers sell.

But enough of this talk. Come in. And you do the driving and the talking. Bring the family, too.

Cotton Acreage Has Declined in Past 25 Years But Production Has Gained

Cotton acreage has dropped in the nation 37 per cent since 1931 but production by only three per cent. In Texas, John McHaney extension economist, reports that acreage of cotton dropped 42 per cent during this same period, but production only one per cent.

Production is up because, he says, there is no better income-producing enterprise than cotton for the Cotton Belt. It is a dependable crop and responsive to improved cultural practices. He predicts that acre yields will continue to increase.

Since 1931, nationally, yields are up 52.9 per cent, and in Texas 69.9 per cent. Too, production in the Far West has increased very rapidly where yields average 700 pounds an acre. Other areas making noticeable production increases have been the Mississippi Delta, Lower Rio Grande Valley and the Texas High Plains.

McHaney points out cotton has been planted on the better land and that growers are also using better varieties, cultural methods, following stricter insect control programs, using more fertilizer and irrigation to increase production. Too, he believes, as more and more of the known production technology is applied, yields will continue to rise.

From the consumption standpoint, McHaney says cotton has not shared the increased use of fiber. In 1920, cotton's per capita consumption was 26.5 pounds and in 1954 it was 25.4 pounds. Per capita consumption of synthetic fibers in 1920 was only 1 pound, while in 1954 it was 9.1 pounds. The per capita consumption of wool, silk and flax was 3.5 pounds in 1920 and 2.4 pounds in 1954.

McHaney expects the consumption of cotton to increase with the rising population, but points out that cotton faces a crisis in its research program to meet its competition with other fibers. He says strong competition from foreign cotton producers can be expected, and if present trade policies remain in effect, exports may equal or slightly exceed the average for the past four years. Because of incentives and opportunities to apply technology, production is expected to continue to exceed demand.

Cyrus A. Gray, 81, Sylvester Pioneer. Passes Saturday

Funeral services for Cyrus Alexander Gray, 81-year-old Sylvester resident, who died last Thursday in Hamlin Memorial Hospital, were conducted Saturday morning at the Sylvester Methodist Church.

Officiating was Rev. E. H. Martin of Sweetwater, assisted by Rev. Joe Yoho, pastor, and Rev. Potter, pastor of the Sylvester Baptist Church.

Mr. Gray was born July 29, 1875, in Cabarrus County, North Carolina. He came to West Texas and has lived in the Sylvester area since 1926. He was a member of the Sylvester Methodist Church.

Burial was in the Sylvester Cemetery under the direction of Weatherbee Funeral Home of Rotan.

Surviving the pioneer are his wife; five children, Mrs. Floyd McCain and Mrs. Floyd Kiser both of Sylvester, Mrs. Luther Maberry of McCauley, Mrs. Marvin Maberry of Wichita Falls and Milo Gray of Fort Worth; five grandchildren and one great-granddaughter.

Pallbearers were Lee Brewer, Melvin Thompson, Jim Beck, Guy Mauldin, Blacky Ford, Edgar Harris, Faye Dozier and Bert Killingsworth.

Babe Didrickson, a woman athlete and pitcher, once struck out Lou Gehrig and Babe Ruth in an exhibition game.

Funeral services will continue to exceed demand.

Proposed Constitutional Amendments to Be Voted on at an Election to Be Held on November 6, 1956.

HOUSE JOINT RESOLUTION NO. 11 proposing an amendment to Article I of the Constitution of the State of Texas by adding thereto another section, to be designated as Section 15-a, requiring medical or psychiatric testimony for commitment of persons of unsound mind, and authorizing the Legislature to provide for trial and commitment of such persons and for waiver of trial by jury where the person under inquiry has not been charged with commission of a criminal offense.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS, That Article I of the Constitution of the State of Texas be and the same is hereby amended by adding another section following Section 15-a, to be designated Section 15-a, to read as follows: "Section 15-a. No person shall be committed as a person of unsound mind except on competent medical or psychiatric testimony. The Legislature may enact necessary provisions to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and for the method of appeal from judgments rendered in such cases. Such laws may provide for a waiver of trial by jury, in cases where the person under inquiry has not been charged with the commission of a criminal offense, and the concurrence of the person under inquiry, or his next of kin, and an attorney ad litem appointed by a judge of the County or Probate Court of the county where the trial is being held, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1956, at which election all ballots shall have printed thereon: "FOR the Constitutional Amendment requiring medical testimony for commitment of persons of unsound mind, and authorizing the Legislature to provide for trial and commitment of such persons and for waiver of the right of trial by jury by a person alleged to be of unsound mind or his next of kin, and his attorney ad litem."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment. In counties or other subdivisions using voting machines the above provision for voting for and against this Constitutional Amendment shall be placed on said machines in such manner that each voter shall vote on the machine for or against the Constitutional Amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Don't cry, little man, don't cry...

This unhappy little fellow is learning an important lesson—tears do not solve problems.

Life brings many difficulties to the average person, often heavy burdens of responsibility, grief, and pain that must be met without compromise.

But there is a wise solution for all of us if we fortify ourselves with qualities that will give courage, faith, and hope in the face of all trouble.

In hours of stress and anxiety, the Christian religion is a rock of refuge. In the Church you will find spiritual strength, guidance, and enduring comfort. Go to God's House and put your trust in Him.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

CARD OF THANKS

Our recent sorrow in the tragic passing of our beloved husband and father, Rev. W. G. Miller, has been lessened by the thoughtfulness and helpfulness of our many friends in the Hamlin community. We especially appreciate the gifts of food and flowers and the use of the First Baptist Church for the funeral rites. That you should have such friends near you when sorrow is your lot is the prayer of Mrs. W. G. Miller and Children. 1c

Trade Active on Fort Worth Market As Demand for Better Quality Shown

Trade was fairly active and prices were generally steady on cattle and calves at Fort Worth Monday, according to Ted Goudly, special market reporter for The Herald, in his weekly release. He continues: Again the buyers showed a marked preference for the better quality and the higher yielding types of cattle and calves. Some sales of fed cattle were considered strong, compared with last week.

Butcher hogs and packing hogs sold 25 to 50 cents higher. Choice meat type hogs cashed at \$17 to \$17.25, and the less desirable weights and grades sold from \$13 to \$16.50. Packing hogs cashed at \$13 to \$14.50. Stags cashed at \$5 to \$8.

Sheep and lambs were fairly active and generally steady. Choice fat lambs topped again at \$20.

Good and choice fed steers and yearlings cashed at \$16.50 to \$22, and common and medium offerings cashed at \$10 to \$16.50.

Fat cows cleared at \$9 to \$11, with a few smooth young cows higher. Canners and cutters sold from \$16 to \$19. Bulls drew \$9 to \$13, with a few lightweight dairy breeds down to \$8.

Good and choice slaughter calves cleared at \$14.50 to \$17 and fancy baby beef calves cashed at \$17 to \$18. Common and medium slaughter calves sold for \$10 to \$14, and culls drew \$8 to \$10.

Good and choice stocker steer calves cashed at \$17 to \$19.50 and were quotable to \$20 in load lots. Stocker and feeder steers and steer yearlings of good grades sold from \$15 to \$17.50, and plain-er stockers of various ages sold from \$10 to \$13.50. Replacement heifers and heifer calves were quoted \$2 to \$3 under similar quality steers. Stocker cows were slow and weak, a few sales from \$8 to \$10.50.

Good and choice slaughter lambs sold from \$18 to \$20, and cull to medium lambs cashed at \$10 to \$17. Stocker and feeder lambs drew \$13 to \$16.

Slaughter ewes sold mostly from \$4.50 to \$5, with some fresh-

ly shorn ewes downward to \$3. Pelt credit and old slaughter ewes were regarded as worth \$1.50 to \$2 or more per 100, which accounted for the low price offered for those freshly out of the shearing pens. Old wethers drew \$8 to \$12.50. Yearling wethers were reported from \$10 to \$16. Old bucks sold around \$4.

Selection of judges for the September 21 special stocker and feeder show and sale at the Fort

Worth Stockyards was completed this week, according to Henry Elder, secretary of the Texas Hereford Association.

Watt Matthews, Albany rancher, has accepted a bid to judge one of the six classes. Rounding out the staff of judges are Kirk Edwards of Henrietta and Clyde Wells of Granbury, manager of the John R. Black Estate ranch.

Judges who had accepted earlier include D. W. Lewter, Lubbock feed lot operator; Bill Green, Albany rancher; and Jeff Slocum, Cresson rancher.

Judging of these special sales events has been one of the highlights of the affairs, and competition has been keen among the

producers of quality commercial cattle.

First September event at the yards will be the stocker and feeder show and sale for Aberdeen-Angus cattle. This sale will be held September 7. Last year the September sale of blacks attracted over 2,700 cattle, and this year it is expected that that many or more may be offered.

The dry conditions over much of the territory have made predictions difficult on how many stockers and feeders will be available at that time.

Currently the rise in fat cattle prices and consistently good demand for stockers and feeders is

being viewed as an optimistic sign for these prices to be paid this fall on the available stockers and feeders.

Bob Stark of Mendota, Illinois feeder buyer, reported here this week that a load of champion Angus feeders he bought here last year sold on the Chicago market recently at \$24.50.

These cattle were the first to bring that price at Chicago and were sold a few weeks ago just as the market started to rise. They brought \$25 as feeder calves here last year.

Mormons, headed by Brigham Young, founded Salt Lake City in July, 1847.

HOUSTON VISITORS HERE.
James Nicholson and family of Houston are visiting his mother, Mrs. G. A. Nicholson, and other relatives and friends in the Hamlin community this week.

Longhorn cattle were brought to Mexico by the Spaniards in 1521.

COOL EGGS GET PROFIT.
Texas egg producers who sell on a grade basis are finding that on-the-farm egg cooling equipment, when used with frequent deliveries to the grading station, is both economical and profitable.

DON'T SEND THEM AWAY

... let 'em work for us
a while longer

IT doesn't take a great MANY dollars to keep the wheels turning in a community like ours ... but it does take dollars that are CIRCULATING in the local trade channels.

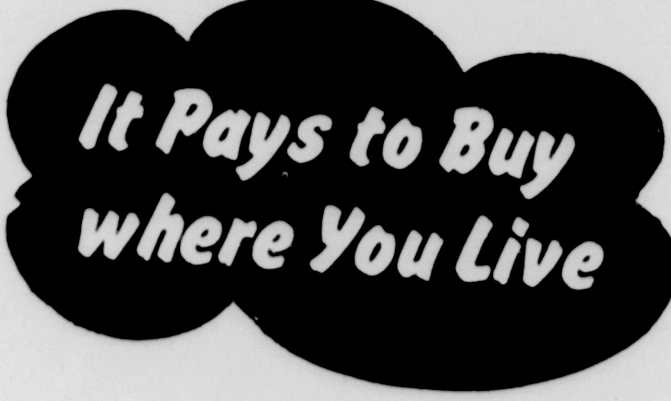

A GONE DOLLAR ... gone to some other trade area ... does not merely cost us \$1 of lost trade volume ... instead, we lose the UNTOLD value of that

dollar's continued activity in our midst.

FOR every time a dollar turns over again in this community, it gives us another lift toward better job and business opportunities for all of us ... better school, church, and other civic facilities ... and more fine people as friends and neighbors and co-workers.

WE can get far more from every one of our dollars ... in material and social benefits ... if we keep them at home where they can work for us ... instead of sending them away to start working for somebody else.

If we'll let them stick around longer, we can get a lot more work out of our dollars.

Proposed Constitutional Amendments to Be Voted on at an Election to Be Held on November 6, 1956.

HOUSE JOINT RESOLUTION NO. 48
proposing an amendment to Article XVI, Section 1, of the Constitution of the State of Texas, changing the form of the Oath of Office to include appointive officers of the State.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Section 1 of Article XVI of the Constitution of the State of Texas be amended to hereinafter read as follows:

"Section 1. Members of the Legislature, and all other elected officers, before they enter upon the duties of their offices, shall take the following Oath or Affirmation: 'I, _____, do solemnly swear (or affirm), that I will faithfully execute the duties of the office of _____ of the State of Texas, and will to the best of my ability preserve, protect, and defend the Constitution and laws of the United States and of this State; and I furthermore solemnly swear (or affirm), that I have not directly nor indirectly paid, offered, or promised to pay, contributed, nor promised to contribute any money, or valuable thing, or promised any public office or employment, as a reward for the giving or withholding a vote at the election at which I was elected. So help me God.'"

The Secretary of State, and all other appointed officers, before they enter upon the duties of their offices, shall take the following Oath or Affirmation: 'I, _____, do solemnly swear (or affirm), that I will faithfully execute the duties of the office of _____ of the State of Texas, and will to the best of my ability preserve, protect, and defend the Constitution and laws of the United States and of this State; and I furthermore solemnly swear (or affirm), that I have not directly nor indirectly paid, offered, or promised to pay, contributed, nor promised to contribute any money, or valuable thing, or promised any public office or employment, as a reward to secure my appointment or the confirmation thereof. So help me God.'"

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1956, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment providing the form of the Oath of Office for elective and appointive officers of the State."

AGAINST the Constitutional Amendment providing the form of the Oath of Office for elective and appointive officers of the State."

Sec. 3. The Governor of Texas shall have the necessary proclamation for the election and this Amendment shall be published as required by the Constitution and laws of this State.

HOUSE JOINT RESOLUTION NO. 9
proposing an amendment to Section 11 of Article I of the Constitution of the State of Texas by adding a new subsection to be designated as Section 11a, relating to denial of bail to a person charged with a felony less than capital who has been convicted of commission of a felony, providing for the submission of the proposed Amendment to a vote of the people and for proclamation of the people.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Section 11 of Article I of the Constitution of the State of Texas be amended by adding a subsection there-to to be known as Section 11a and to read as follows:

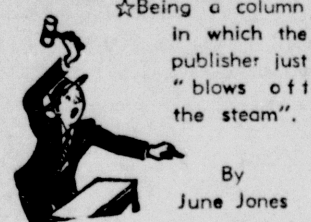

"Section 11a. Any person accused of a felony less than capital in this State, who has been theretofore twice convicted of a felony, the second conviction being subsequent to the first, shall, in point of time of commission of the offense and conviction therefor may, after a hearing, and upon evidence substantially showing the guilt of the accused, be denied bail pending trial, by any judge of a court of record or magistrate in this State; provided, however, that if the accused is not accorded a trial upon the accusation within sixty (60) days from the time of his incarceration upon such charge, the order denying bail shall be automatically set aside, unless a continuance is obtained upon the motion or request of the accused; provided, further, that the right of appeal to the Court of Criminal Appeals of this State is expressly accorded to a felony, provided, however, that the right of appeal shall be subject to any judgment or order made hereunder."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1956, at which election all ballots shall have printed thereon the following: "FOR the amendment to the Constitution of the State of Texas providing that a court, judge or magistrate may deny bail to a person who has been convicted of two (2) previous felonies."

AGAINST the amendment to the Constitution of the State of Texas providing that a court, judge or magistrate may deny bail to a person who has been convicted of two (2) previous felonies."

Sec. 3. The Governor of Texas shall have the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

MRS. GLADYS CASNER. telephone conversation expert of the Southwestern Bell Telephone Company, working out of the regional office at Abilene, declared that a telephone is feminine, when she spoke at the Tuesday noon luncheon of the Hamlin Lions Club. Maybe one of the reasons for this long-time recognition of the phone is that the first telephone and exchange were made from wires from a woman's bustle, she asserted.

Among interesting observations about telephones, she said, during her 17 years of work with the telephone concern, was the story of a small girl, watching a telephone company serviceman take a phone apart, asked that he let her see "that woman operator" inside.

NOT THAT we are especially wrought up over the persistent rumors, but we are curious to know who is responsible for the stories that have gone around town for the past several days that we have sold The Herald.

At any rate, 'tain't so. And the folks who are spreading the gossip are asked to come around and let us in on the details. We'd be happy to know when and where we are being shipped—just so we can get on with our plans.

FOXTAIL JOHNSON, who writes a column in the Texas Sheep and Goat Raiser Magazine, printed at San Angelo, may not be one whose writings will go down in history—but they have a lot of horse sense tucked in between lines. For example here are a few recent squibs from his column:

The state pen at Huntsville ain't quite as fancy a hotel as the main one at Austin, but the guests don't never lose sleep on account of highlarious ledgislators.

Club Huckey got sore when a salesman priced an IHC cotton picker at \$10,000, so he married an Arkansas picker and started himself a fleet. But each unit costs him about the same as a two-row John Deere model, Club allows.

Dunno how the banks do it. They have cut their interest way down on the loans they never make me, and they throw in lots bigger and fancier insults when they say no.

A conceited man believes he is smarter'n everybody else. An humble man fears he's as dumb as everybody else.

When you decide you're not worth a hill of beans, perk up. For the first time in your life you're right about somethin'.

UNABLE TO SLEEP nights an overwrought business man went to his doctor the other day in Hamlin and asked him to prescribe some sedatives. After making several tests, the doctor informed the executive that he was allergic to drugs.

"What about that twilight sleep I've heard so much about?" asked the business man.

"Oh, that's only for labor," replied the doctor.

"Good heavens," exclaimed the executive, "haven't you got anything for management?"

BARBS IS THE NAME of a column of sage philosophy written by Hal Cochran in The Fort Worth Press. Here we lift some of the barbs in a recent issue:

Giving dictation all day and getting it all evening at home is a businessman's idea of monotony.

Little tots are likely to catch everything, says a doctor. And when they act up they should.

A neighbor gets a real line on a woman's clothes from the clothes on her line.

A man's laugh reveals his character, according to a college professor. That puts in a bad spot the fellow who always carries a grouchy look.

Teen-age daughters throw their arms around mother, but merely touch dad.

How does a woman ever live to be 100 when she stays in her thirties so long?

There are seven ages of man and only one of woman. Her wrong one!

When you find you're up against it, it's your own fault if it's hard to go around.

Missouri is way out in front in the raising of mules. We'd hate to be behind.

HEAT BUCKLES HIGHWAY—This section of U. S. Highway 57 was buckled by intense heat as temperatures last week soared to 107 degrees with little or no relief in sight to dent the Texas heat wave. The mercury reading at Hamlin has been above 100 degrees for several days during the past two or three weeks.

Head Grain Crop in Region Almost Complete Failure

Scattered Maize Turning Out Well Despite Drouth

While far from being anywhere near a normal crop, some patches of maize in the Hamlin territory are turning out surprisingly well, word coming to The Herald indicates. A few fields have harvested field yields.

However, generally the maize crop of the area is practically a "fizzle," declared a spokesman for the F. B. Moore Grain Company elevator in Hamlin.

What grain is coming in so far has graded fair, weighing an average of 54 pounds to the bushel, and is dry.

What grain is being harvested is probably yielding around 200 pounds per acre, which is very poor. It is a wonder, in face of the drouth, that any grain is being harvested at all, say grain dealers.

Moore was paying \$2.05 per 100 pounds for maize Wednesday.

Two Tennis Courts to Be Built by School

Two new concrete tennis courts for the Hamlin Schools will be constructed on Northwest Avenue D, just east of the northeast corner of Junior High School campus.

This announcement was made by Superintendent of Schools C. F. Cook Wednesday morning. Contract was made by the school board Tuesday night with Lawrence Crider of Stamford for the two 80x100-foot courts on his bid of \$2,280.

Harden Memorial Library Opened Monday; Book Rules Are Announced

Harden Memorial Library opened for business Monday morning at the site just west of Hamlin post office.

Mrs. Zelma Hulse and Mrs. Jerry Rollis were on hand to dispense books and take memberships.

Annual Watermelon Feast for 4-H Clubbers Set Friday at Anson

The annual 4-H Club watermelon party for Jones County boys and girls and their families will be held in the Anson City Park tomorrow (Friday) evening, August 17 at 6:00 o'clock. Club members and their families from all over Jones County are invited according to W. H. Lehmborg county agent, and Mary Y. Newberry, home demonstration agent.

A swim will get the party underway, with the watermelon slicing starting at 7:15.

This is an annual event, and is the last county-wide get-together in the 4-H Club summer recreation program, the agents declare.

HUMBLE OFFICIAL—Morgan J. Davis, nationally known geologist and former president of the National Geologist Society, was elected executive vice president of the Humble Oil & Refining Company at their annual meeting.

Sunset Baptist Church Revival Underway

One addition to the church had been reported through Tuesday evening in the revival meeting that is underway at the Sunset Baptist Church, corner of Northwest Sixth Street and Avenue C according to the pastor, Rev. R. B. Tiner.

Rev. James Harvey, young pastor of the Park Place Baptist Church in Abilene, is doing the preaching in the 10-day series of services, which will continue through Sunday evening.

Work on School Gym Ahead of Schedule

Work on the new \$150,000 gymnasium and band hall of Hamlin High School is proceeding ahead of schedule, it was announced this week by School Superintendent C. F. Cook, who declared that the building probably will be ready for occupancy by November 1, barring complications.

Original completion date had previously been set for December 1.

Workmen have been working this week on ceilings in the structure, and some brick finishing work is due to be done this weekend.

The following rules will be posted and are in effect now, announce members of the Woman's Forum, sponsoring organization:

1. The library fee is \$1 per family per year.
2. Membership cards will be kept in the library for convenience to the family, as cards issued might be lost.
3. Books may be checked out for one week. They may be re-checked if book is returned at that time to be stamped with date due.
4. All damages to books must be paid for by the person who borrowed the book.
5. A fine of two cents per day will be charged for each day a book is overdue.
6. Only two books may be checked out by a family at one time.
7. If an individual in the family prefers he may have his own card.
8. Lost books must be paid for by the person losing the book. If book is found at later date, it may be returned and cost will be refunded.

High Speeds and Drinking Leading Cause of Mishaps

Tragedy rode the highways in July in the Abilene Highway Patrol District, said Captain G. L. Morahan, after scanning the July accident figures, in a release to The Herald.

Twelve persons died in the Abilene district in 10 fatal accidents. Fatigue and drinking while driving, coupled with speed, were the greatest causative factors of these fatal accidents.

Five people died in Scurry County accidents and two died in Taylor County. Captain Morahan cautioned, "Let's weed out our habits and handicaps, such as: Late starts, impatience, intolerance, temper, fatigue, little law violations, speeding, willingness to take a chance and downright bull-headedness. Let's rid ourselves of the notion that it is every man for himself. Let's try remedying, teaching and developing regard for the other fellow."

An automobile is as deadly as a gun in a man's hand. We must respect it, keep it in top notch condition, and as we use it, keep it under control, Morahan said.

Good Crowds Attend Revival at Fairview

Good crowds are attending the series of revival services that are in progress at the Fairview Baptist Church, seven miles southeast of Hamlin, according to the pastor, Rev. M. E. Randolph. The meeting will continue through Sunday evening.

Rev. L. D. Regeon, pastor of the North Grape Street Baptist Church in Abilene, is doing the preaching at services, being held at 10:00 a. m. and 8:00 p. m.

DROUTH HEARING—Governor Allan Shivers looks over a proposed drouth relief program with Kenneth Scott, director of Agriculture Credit Services (left seated); Harry Frazee, assistant to Scott (left standing); and John White, commissioner of agriculture, as the federal and state drouth hearing began in Austin.

Election of Two New Teachers Relieves Anxiety of Shortage

Hamlin Man Hurt In Car Accident in Which One Killed

Harry Tom Stapler, former Hamlin young oil field worker, was released from the Root Memorial Hospital in Colorado city Sunday following treatment of injuries sustained early Saturday morning in an automobile wreck two miles west of Colorado City.

Floyd Edward McAuley, 53, of Baird, was killed in the accident, in which young Stapler and Paul Richardson, 33, of Odessa were injured.

The car was owned by Bob Stapler of Grandfalls, who was not in the auto. Stapler's father, A. T. Stapler of Hamlin, said that Harry Tom had borrowed his brother's car to visit relatives in Abilene, and had taken McAuley along to drive. Richardson was picked up near Big Spring.

The car overturned, killing McAuley almost instantly. Stapler and Richardson suffered painful but not serious injuries.

Funeral for McAuley, who is survived by his mother of Baird and a brother, H. R. McAuley of Hobbs, New Mexico, were conducted Monday at Baird.

Preparations Being Made for Nearly 100 At Griddler Barbecue

Preparations are being made to provide barbecue for nearly 100 attendants at the barbecue scheduled for gridders, coaches and boosters of the Hamlin Pled Pipers Friday evening, August 24, at the Pled Piper field house, according to officials of the Pled Piper Booster Club, sponsor of the annual event.

Indications are that close to 70 football prospects for Hamlin High School will be on hand, as well as coaches and others interested in giving the gridders a pre-season send-off.

The affair will begin at 6:30 o'clock at the field house, when luscious barbecue with all the usual trimmings will be served to attendants.

President Bobby Crowley of the Booster Club says memberships are now being sold in the group at \$3. Johnny Steele is secretary.

Several Additions in North Central Revival

Five conversions and seven additions to the church had been reported in the revival meeting underway at the North Central Avenue Baptist Church through Tuesday, according to Rev. Woodrow McHugh, pastor.

Rev. T. W. Teel, pastor of the Blackwell Baptist Church, is doing the preaching in the series of services, which will continue through Sunday evening.

Assembly of God Not Seeking New Pastor—No effort is being made to fill the pastorate of the Assembly of God Church in Hamlin, made vacant by the tragic death two weeks ago of the church's young minister, Rev. W. G. Miller, declare officials of the congregation.

AILING VETERAN—Walter W. Williams, oldest surviving Civil War veteran, is comforted by his wife, Ella, 84, in their home at Franklin. Williams, 113, has been suffering from dropsy and low blood pressure for several weeks.

First 1956 Bale Raised by Madden

First bale of 1956 cotton for the Hamlin territory was brought into town Tuesday by W. J. Madden from his farm about eight miles west of Hamlin.

This August 14 bale was one day earlier than last year's first

bale, which was brought in by W. J. Waddle. That also was one day earlier than the 1954 bale, which was grown by J. A. Harden.

The 2,100 pounds of seed cotton was gathered from 12 acres of land on the Madden place, and it ginned into a 566-pound bale of lint cotton.

The 1956 first bale was ginned by the Hamlin Farmers Cooperative Gin, of which Watt Fletcher is manager. The ginning was done complimentary by the gin, as first bales are always ginned without charge.

Fletcher bought the first bale for 33 cents a pound.

Incidentally, there is quite a bit of early cotton opening in the Hamlin section, and several other bales of cotton are expected to be ginned within the next two weeks, according to local ginners.

Parent Can Do Much to Make Start to School of Little Tots More Natural

Starting to school is a big event in every child's life, Mary Y. Newberry, home demonstration agent, reminds us. The experience will be a happy one, if your youngster is physically, mentally and emotionally ready for it.

Children should not be entered in school unless they can meet certain practical tests to show they are ready. These tests are suggested by the White House conference on child health and protection:

First of all, a child needs to know his own name and address well enough to repeat it to others if necessary.

Physically, he needs to be fairly independent and well trained. He should be able to dress and undress himself, take care of toilet needs, and eat wholesome food without assistance. If he is able to run, climb and use his hands easily in simple construction and play, he will be more at ease with other youngsters.

Check on his intellectual readiness. He should talk readily, using sentences, understand and carry out simple directions, and show a healthy curiosity and desire to experiment. It will help if he knows the names and uses of the common objects in his environment.

Health check-ups are very important. Be sure to include eye, ear, nose and throat examinations and dental check. Plan for necessary vaccinations and immunizations. Build up general health with lots of rest and nourishing foods during the remainder of the summer.

School will mean a new social situation. He will be happier if he has learned to play with other children, respects their possessions and assumes some responsibility for his own belongings.

Attendance at City's Sunday Schools Up From Previous Week

An increase of nearly 100 at Sunday School last Sunday over the previous week was reported in tabulations of 13 churches of Hamlin. The 1,289 total also was 29 more than the total for a year ago.

Attendance of the various churches for August 12, August 5 and a year ago follow:

Mack Fullerton Named Tuesday As Band Director

Fear that Hamlin Schools might feel the pinch of teacher shortages that are plaguing many schools of the country just now was alleviated middle of the week when it was announced that two new teachers and a school nurse had been hired by the school board of the Hamlin Consolidated Independent School District Tuesday night.

Superintendent of Schools C. F. Cook announced that a new band director and a teacher for social studies in the seventh and eighth grades Tuesday left only two vacancies on the school faculty this week. These vacancies, he said, should be filled within a few days. The vacancies are a first grade teacher and a math instructor for the seventh and eighth grades.

Elected as new band director to replace Jess Parrish, who resigned last week, was Mack Fullerton of Abilene. New social studies teacher in Junior High School will be Jon Adams, to replace H. D. Adams. Don is a Hamlin man.

Parrish, who has completed two years at Hamlin, has accepted a place with Magnolia Oil Company in Abilene. Adams has been the high school principal's person at South Taylor County School at Tuscola.

Fullerton is a graduate of Abilene High School, and took his bachelor of science degree in musical education at North Texas State College at Denton in 1951, teaching band at Garland and Grand Prairie part time while attending NTSC. He directed a band in El Paso schools in 1952-53. After a brief business career

Gift Tea in Clyde Grice Home Friday Eve Honors Tobye Seller, Bride-to-Be

Toby Seller, bride-elect of Guy Weaver of Hamlin, was honored at a gift tea in the home of Mrs. Clyde Grice Friday evening.

The bride-elect's chosen colors of blue, silver and white were used throughout the decorations in the home. The tea table was set with a white cut-work tablecloth. The centerpiece was a large white satin heart, trimmed in white lace, with a blue satin arrow through the heart. A white love bird was in the center of the heart also. Crystal and silver

appointments were on the table. The guests were greeted at the door by Mrs. Clyde Grice and presented to the honoree; her mother, Mrs. Charlie Sellers; the bridegroom-elect's mother, Mrs. Noel Weaver; Algela Malouf, Betty Walker of Dallas and Margaret Howard of Denver, Colorado.

Punch was ladled by Atha Lea Grice and Mary Willingham.

Other hostesses were Meses. Edgar Duncan, LaFoy Patterson, George Malouf, Johnnie Agnew, Marvin Carlton, Audrey Hodnett, Van Huling, Sam Hodges, R. E. McCormick and S. C. Constantine and Meses Atha Lea Grice, Faith Simpson and Mary Willingham.

Max Murrell to Wed North Carolina Girl

Mr. and Mrs. Selwyn Francis Orcutt of Fayetteville, North Carolina, have announced the engagement and approaching marriage of their daughter, Jane Lesley, to Maxwell Rogers Murrell, first lieutenant in the U. S. Army.

Young Murrell is the son of Mr. and Mrs. Carl T. Murrell of Hamlin.

The wedding is scheduled to take place in January.

"Hot Flashes Stopped" or strikingly relieved

in 63-80% of cases in doctors' tests

If you're miserable from the "hot flashes," and accompanying irritability, restless feelings of "change of life"—you may be suffering unnecessarily! For... in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63 and 80% (respectively) of the women tested! Complete or striking relief!

Yes! Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change!" So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! (Wonderful, too, for the functional pains of menstrual periods.)

It acts through a woman's sympathetic nervous system to relieve distress of those awful "hot waves!"

Hamlin Women Go To Inter-City Picnic Of B&PW Club Group

Eleven members of the Hamlin Business and Professional Women's Club were among the nearly 100 area women attending the inter-city picnic of B&PW Clubs of this area last Thursday evening.

Stamford was host this year and the picnic was held in the back yard of the home of Mr. and Mrs. Steve Bennett.

Clubs from Abilene, Anson, Hamlin and Haskell joined the Stamford group for the event. Stamford club furnished dessert and drinks.

Don Timberlake entertained with an Al Jolson pantomime number. Queen for a day event was conducted, and Mrs. E. M. Wilson of Hamlin, district director, spoke to the group.

Arrangements committee of the host club, who worked with the president, Mrs. Lilla Hefflin, was composed of Mrs. Ona High, Mrs. Reat Culbreath, Mrs. Dudley Duncan, Mrs. Fannie Meeker, Mrs. Bill Gay and Olive MacDougle.

Seventy-five members of area clubs attended, including the following from Hamlin: Vera Nobles, Lennie Greenway, Mary Haught, Evie Wilson, Cricket Fomby, May Gay, Florence Cowan, Nettie Bowen, Eula Pointer, Pearl Hudson and Valeria Hudson.

Ice Cream Supper For Ruth Class and Husbands Tuesday

The state penitentiary at Huntsville was built in 1849.

The world's largest cotton plantation is in Mississippi.

A cool summer fashion designed by Helen Harper features the slim, a-creed silhouette. The fabric is a new cotton knit by Fair-Tex. Dramatic stripes are used vertically for a slender effect with a contrasting rib knit neckline trim. Cotton knits are making a big hit for town and travel this summer, National Cotton Council fashionists report.

Gift Tea in Riddle Home Saturday Honors Mrs. J. C. Rose

A gift tea honoring Mrs. J. C. Rose was given in the home of Mrs. Ralph Riddle Saturday afternoon from 2:00 to 5:00 o'clock.

Mrs. Kenneth Riddle greeted the guests at the door and presented them to Mrs. J. A. Rose, Mrs. J. C. Rose, the honoree, Mrs. Ragan Rose and Mrs. Wilma Johnson of Abilene.

Mrs. Tommy Richey, Mrs. Bert Oliver and Mrs. Ed Lewis displayed the gifts.

The bride's colors of blue and white were used in the table decorations. The table was laid with a lace cloth over blue. The centerpiece was of white and blue chrysanthemums with blue candles on each side. Mrs. Melva Scott, Mrs. Joe Wayne Carter and Mrs. Dwayne Stephens assisted in the dining room.

Mrs. Tom Brady was at the register. Mrs. Fred Vaughan Jr. said the good-byes.

SPENDING LESSON.

A salesman, phoning a prospect at home, was answered by a child.

"Tell him Mr. Brown called," he said.

"How do you spell Brown?" the child asked.

"B-R-O," the man began. Then, there was a labored silence.

Finally, the difficulty was explained.

"How," asked the child, "do you make a 'B'?"

Mrs. Ruth Hallmark Honored at Baptist Women's Class Party

A farewell party for Mrs. Ruth Hallmark was given by members of the Naomi Sunday School Class of the First Baptist Church last Friday morning at the home of Mrs. Roscoe Perryman.

Mrs. Hallmark is moving this week to Loving, New Mexico, to join her husband, Odie Hallmark, who has accepted a position with an oil concern.

A brief devotional was given by the class teacher, Mrs. Wallace Walton, and light refreshments were served. A gift was presented to the honoree by the class group.

It's a great time to buy a Buick!

Today you can have what other cars may not have for years

JUST BETWEEN US—don't you get a kick out of keeping a step ahead of the other fellow—especially when it comes to cars?

So wouldn't you find it fun to boss the newest thing in motordom—a car with the greatest advance in transmissions since the gearshift left the floor?

And wouldn't you like to have all this at a price that is right—and when the weather is right—and right when your car is at its top worth?

Well, sir, we've got that kind of situation for you—now.

Because this very day you can step into a 1956 Buick with Variable Pitch Dynaflo* and drive away with a transmission so modern, so responsive, so smooth that you may not find its like in other cars for years to come.

You can have the thrill of split-second action from the merest nudge of the pedal—and with

the good-news gas savings this economy range brings.

You can have the safety-surge of power that comes from pushing down on the pedal and switching the pitch.

All with the wallowing might of Buick's 322-cubic-inch V8 engine. All with the new luxury of a ride that's built on 4 brawny coil springs for buoyant levelness. A ride with easy steering ease and sweeter handling.

Best of all, you can make the buy of a lifetime. For today's low prices have helped move Buick into America's best-selling 3 more firmly than ever.

That means we can come to terms on the trade-in value of your car in a way that's bound to tickle you pink.

Why not stop in and take us up on that—today?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Color, Color, and More Color

Nowadays, products of every kind seem to be coming out in more colors than the rainbow. You see the advertisements for these products in magazines, and you see them in stores and shops around town. Yes, everyone is "going to color."

The telephone company is, too. Our new color telephones come in eight bright colors to blend or contrast with the color schemes in your home, office, or store.

And that means a double advantage for you. Because if you've been thinking about ordering an extension telephone, why not ask for one in color? You get extra convenience with an extension, and color adds a touch of good looks to your home or office.

You can select from among ivory, green beige, yellow, red, blue, gray and brown.

Just call the telephone business office, or stop in next time you're in the neighborhood. The cost is a one-time installation charge of \$12.00. Extension service is \$1.00 a month.

Brighten Up Your Week-End

Summer week-ends are times for mowing the lawn, putting around the house, and relaxing a bit. Or maybe you like to golf, prune the flowers, or just keep cool. At any rate, summer week-ends are always perfect for "get-togethers" with family or friends.

For many of us, family or good friends are just around the corner or up the block.

But if members of your family or old friends are miles away, you can still count them in on your week-end get-togethers—with a Long Distance call. And hearing their voices again adds to your week-end fun.

Why not call this week-end? Rates are lower all day Sunday, and after 6:00 p. m. on week days. And when you do, call by number—it's twice as fast.

Cartoons Tell a Story

We see cartoons from time to time of the man calling home to tell his wife he'll be late for dinner. As she hangs up the telephone, she races to pull dinner out of the stove.

Maybe the moral of the story is to call your wife if you're going to be late. Otherwise, you'll be eating a burnt dinner.

At the telephone company, we read between the lines and see that the telephone "saved the day" once again. Actually, the telephone "saves the day" many times each day as we count on it more and more to save us time and steps.

Call by number. It's twice as fast.

Green B. Phillips, Retired Farmer, Passes Tuesday

Green B. Phillips, 88-year-old retired Hamlin farmer, died Tuesday at the Hamlin Memorial Hospital, a few minutes after having arrived there. He had been seriously ill for two months, and had been in failing health for several years.

Funeral services were conducted at the First Baptist Church Wednesday afternoon at 4:00 o'clock. Officiating were Rev. Woodrow McHugh, pastor of the North Central Avenue Baptist Church, and Rev. Gene McCombs of Lueders.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers were Marvin Hill, Delmer Hill, Bob Christian, George Campbell, J. R. Rhoton and Olen Cooper.

Mr. Phillips was born March 14, 1868, near Jackson, Mississippi, the son of Mr. and Mrs. Calvin Phillips. He graduated from the Greenville, Mississippi, Business College. He married the former Lillie Tolbert at Lovington, New Mexico, on December 25, 1910. The couple had farmed in the Hamlin community, west of Hamlin, and had moved into town about eight years ago.

Mr. Phillips became a Christian at the age of 12 years, uniting with a Missionary Baptist Church near Jackson, Mississippi. He was an active deacon for 60 years.

He moved to Texas in 1889, and moved to Fisher County in 1913. He has lived in Fisher and Jones Counties since that date.

Survivors include the widow, Mrs. G. B. Phillips; two sons, R. B. Phillips of Lueders and Jack T. Phillips of Lubbock; two daughters, Mrs. E. R. Ewing of Longworth and Mrs. George Tompkins of McCamey; 12 grandchildren and two great-grandsons.

Minimum Milk Price For July Set at \$5.58

Minimum uniform price to be paid for 4.0 per cent milk received by Central West Texas handlers from producers during July will be \$5.58 per 100 pounds, according to an announcement to The Herald by Byford W. Bain, market administrator.

This price is subject to location and butterfat differentials.

Daily Class I sales by Central West Texas handlers decreased from 357,390 pounds in June to 345,750 pounds in July, or a decrease of 3.26 per cent. Daily producer receipts exhibited a similar picture, declining from 451,108 pounds in June to 427,713 pounds in July or a decrease of 5.19 per cent.

Two Hamlin Soldiers Help Give Support To ROTC Training

Two soldiers from Hamlin, Privates Kenneth W. Cary and James T. Spencer, helped provide support for the six-week ROTC summer training camp which ended August 3 at Fort Riley, Kansas, according to a release to The Herald from the Kansas post.

The men are assigned to the First Infantry Division of the 18th Regiment.

Cary, whose wife, Joyce, and parents, Mr. and Mrs. R. A. Cary, live in Hamlin, was last stationed at Fort Ord, California. He was graduated from Hamlin High School in 1952.

Spencer, son of Mr. and Mrs. A. Spencer, is a driver in the division's Company H. He entered the Army in September, 1955, and completed basic training at Fort Ord. A 1955 graduate of Texas Technological College, he is a member of Delta Sigma Pi fraternity.

46 Attend 4-H Club Record Book Training

A Jones County 4-H Club record book training meeting was held in the county agent's office at Anson last Monday at 9:30 a. m. There was a total of 46 attending, 38 of the number being 4-H boys and girls and eight were adult leaders. Bill Lehmberg, county agent, and Mary Y. Newberry, home demonstration agent, conducted the meeting.

A film entitled "Making Your 4-H Record Book" was shown. Purpose of the meeting was to help individual club members with their record keeping problems.

The group brought their picnic lunches, ate together at the city park, and climaxed the program with a swim.

Telephone Tips Given by Expert In Lions Club Talk

"Telephone Tips for Today and Tomorrow" was the title of an interesting talk by Mrs. Gladys Casner, representative of the Southwestern Bell Telephone Company, at the Tuesday noon luncheon of the Hamlin Lions Club at the oil mill guest house.

Mrs. Casner, who is a specialist in telephone conversation, urged tact and warmth in conversation for obvious improvements. She declared that men's voices, contrary to general beliefs, are more readily understood over the phone because of their resonant tones.

The telephone representative reviewed early telephone history, pointing out that its inventor,

Alexander Graham Bell, was not a scientist. From that early beginning she said that today more than 200,000,000 phone calls are handled each day in the United States.

Words like "yes," "no" and "okay" used by themselves are objectionable telephone replies she declared. Also "Who is this?" is repulsive many times. More tactful and warm expressions can improve one's conversation, she stated.

President Edgar Duncan announced that Tuesday, September 25, had been set as date for the annual Caravan for the Blind broom sale by the Lions Club.

Besides Mrs. Casner, other guests at the Tuesday luncheon included C. A. Anderson of Westbrook and Private First Class Jimmy Spencer.

The duration of a trade mark registration is 20 years.

Baptist Youths to Go To Anson Gathering

Young members and friends of the First Baptist Church will conduct their weekly youth fellowship meeting Saturday evening, announce Mr. and Mrs. Ed Wiggins, sponsors.

The group will meet at the church at 7:15 p. m., then go in a body to the First Baptist Church in Anson to participate in the youth revival being conducted there. Rev. Charlie Massague is doing the preaching and Jackie Fryar directing the music in the Anson meeting.

BULLETIN LIST READY.

A revised listing of Texas Agricultural Extension Service and Experiment Station publications, MP-151, is available at the offices of county extension agents. Also L-190, "Growing Cantaloupes Under Irrigation."

State Capital NEWS

By Vern Sanford.
Manager, Texas Press Association
Austin.—The eyes of Texas are on Chicago this week. And, politically speaking, the state nestles in one man's pocket.
Senator Lyndon Johnson heads the 112-member Texas delegation, each of whom will cast one-half vote of the state's 56 nominating votes. They are pledged to support him as a favorite son nominee until he releases them.
Thereafter they will vote under the unit rule, probably for whatever candidate is favored by Senator Johnson. All delegates and the 70 alternates were selected by the May convention with the senator's approval.
Another Texan, Speaker Sam Rayburn, figures prominently in convention affairs. He will be presiding over a presidential convention for the third time.

LOSE UGLY FAT IN TEN DAYS OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new and convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON cures both hunger and appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this guarantee: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by Howard City Drug Store, Hamlin. Mail orders filled.

convention is a subject of heated debate.

Actual outcome will not be known until the meeting gets underway in Fort Worth. Rival conservative and liberal delegations will struggle for nearly 600 seats. Convention control hinges on these places.

Precinct and county conventions name some 577 definitely liberal delegates, about 224 conservatives. But neither side can control the 1,900-vote convention without the contested seats.

Mrs. Kathleen Voigt of San Antonio, liberal leader, charged last week the conservative executive committee planned to "steal" the convention. She asked that the May state convention, which was recessed rather than adjourned, be reconvened to take charge of the situation.

Executive Committee Chairman George Sandlin dismissed Mrs. Voigt's charges as "the same old thing every two years."

He promised the committee would give all contesting delegations a fair hearing and seat those legally entitled to places. He predicted the convention would be made up of middle-of-the-road conservatives "with no ax to grind."

As for the May convention, he felt the intervening precinct and county conventions had made it past history.

Who should investigate alleged voting irregularities in Webb County is still being debated.

Announcements for Political Office

The Hamlin Herald is authorized to announce the following candidates for office, subject to action of the second primary election Saturday, August 25:

Shepperd has twice been set back in efforts to set up a state level inquiry. But his office said he intends to continue the fight.

At Shepperd's behest, Austin District Judge Charles O. Betts sent Dan Moody Jr. to Laredo to act as master in chancery of an inquiry.

Webb County District Judge R. D. Wright issued an injunction to stop the Moody investigation. He claimed prior jurisdiction for the questioning being conducted in his own court.

Shepperd and Moody took the matter to the State Supreme Court, which rejected their petition.

Meanwhile the Webb County grand jury indicted seven persons. But spokesmen for the Reform Party called this "window dressing." They were still working for an investigation originating in Austin.

Awaiting the Supreme Court when it reconvenes in October will be a motion for re-hearing in the long contested Santa Fe Railway case.

In July the court upheld the right of unions to make closed shop agreements in the railway industry. Such contracts are prohibited by the state "right to work" law, but allowed by the federal railway act.

In their motion, railway attorneys asked the court either to reverse the July ruling or modify it. They contended that union contracts should allow only for collection of "dues and assessments necessary to collective bargaining action."

King Cotton is wearing a drouth scarred crown.

U. S. Department of Agriculture estimates put Texas' 1956 cotton crop at 3,600,000 bales, compared to 4,039,000 last year.

Prospective yields ran to extremes. They were termed "extremely poor" in dry land areas, "excellent" in irrigated sections.

Farmers who did not grow cotton will get the lion's share of Texas' soil bank payments. Of the \$22,000,000 to be paid to Texas farmers by the federal government within the next few weeks, more than \$16,000,000 will go for idle cotton acreage.

Vivian Madden Dies Wednesday at Hamlin Hospital

Final rites for Vivian Madden, 73-year-old retired farmer of Hamlin, were conducted Friday afternoon at the North Central Avenue Baptist Church in Hamlin. He died last Wednesday night at the Hamlin Memorial Hospital after an illness of about 30 days following a heart attack.

Officiating at the services were Rev. Woodrow McHugh, pastor of the local church, and Rev. L. D. Regeon, pastor of North Grape Street Baptist Church in Abilene.

Born October 4, 1882, in Ellis County, Madden came to West Texas with his parents about 52 years ago, settling in the McCaulley community, where they had farmed. He married the former Ida Lee Barnard of McCaulley on January 1, 1905. They moved to Hamlin in 1940. He was a member of the Baptist Church and the Masonic Lodge.

Burial was in the McCaulley Cemetery under direction of the Hamlin Funeral Home. Pallbearers were Harold Lee, Robert Rhoton, Henry White, Ray Huling, R. H. McCurdy and Cecil Richardson.

Surviving Mr. Madden are his wife, Mrs. Ida Lee Madden; one son, Othol C. Madden of Lubbock; one daughter, Mrs. Ed Niedeecken of Abilene; one brother, W. J. Madden of Hamlin; six grandchildren, Eugene Niedeecken, Mrs. Johnny Reddin, Mrs. Charles Thomas and Rosa Niedeecken, all of Abilene, and O. C. Madden Jr. and Robert Madden, both of Lubbock; two great-grandchildren, Gene Davis Niedeecken and Steven Paul Thomas of Abilene.

STILL AT HOME.

The father played possum while his youngsters tried their best to rouse him from a Sunday afternoon nap to take them for a promised walk.

Finally, his five-year-old daughter pried open one of his eyelids, peered carefully, then reported: "He's still in there!"

Vernis W. Day, 63, Former Hamlin Resident, Passes

Vernis W. Day, 63-year-old former resident of Hamlin and a brother of Mrs. Ben W. Short of McCaulley, died June 30 at his home at Gorman following a heart attack.

Funeral services, attended by several area relatives and friends, were conducted July 2 at the First Baptist Church in Gorman. Officiating was Rev. J. H. Littleton of Eastland, former Hamlin pastor.

Day was born June 24, 1893. He was united in marriage to Donna Wallace at DeLeon on March 6, 1919. The couple lived in Hamlin from 1923 to 1938, where he was employed by the Santa Fe Railway. They moved to Gorman in 1938. He had been a member of the Baptist Church since he was 12 years of age. His service record, of which he was very proud, shows that he served in the Army of the United States from December 19, 1917, to January 27, 1919. He fought in the St. Mihiel and Muese Argonne battles in France during World War I.

Day is survived by his wife; two brothers, T. A. Day of Oklahoma and Roy L. Day of Texico, New Mexico; five sisters, Mrs. Will Humphreys of Temple, Mrs. F. V. Moore of Abilene, Mrs. D. W. Smith of De Leon, Mrs. E. S. Huffman of Houston and Mrs. Ben Short of McCaulley.

HOPE

There's a spark that burns eternal in the breast of every man. If you think my words are futile, try to quench it if you can; God gives us determination to withstand all stress and strain.

Purely for the sake of living, though life yields us naught but pain, this small flame that flares and flickers, we call Hope, the boon of man. 'Cause when reason says "You cannot," then "Is Hope that says 'You can.'"

When you're on the brink of failure, in this life of give and take, Hope says, "Breathe a little longer, you are due another break."

There's a faithful law of average that takes care of everything. That's why darkest days of winter must give way to smiling spring.

What if yesterday was dreary, with its ghastly aches and pains, This new day that's just arriving may show drastic wins and gains; So, don't throw the sponge or waver, you may lose your fighting chance.

To again forget your troubles in life's merry song and dance, So you'll find us striving, hoping, in the midst of greatest pain, Looking always for the better things of life we hope to gain.

Then, my brother, never hinder, by suggestion, word or deed; This, the boon of human misery, that fills such a wanted need; Help your friend that's up against it, and needs courage for the fight.

Where there's life God gives us Hope, as sure as daylight follows night. Written January 1, 1934, in Veterans Hospital, Tucson, Arizona.—V. W. D.

GOOD DEDUCING.

The teacher questioned little Johnny—"Tell me what you know about George Washington. Was he a soldier or a sailor?"

"I think he was a soldier?" replied Johnny.

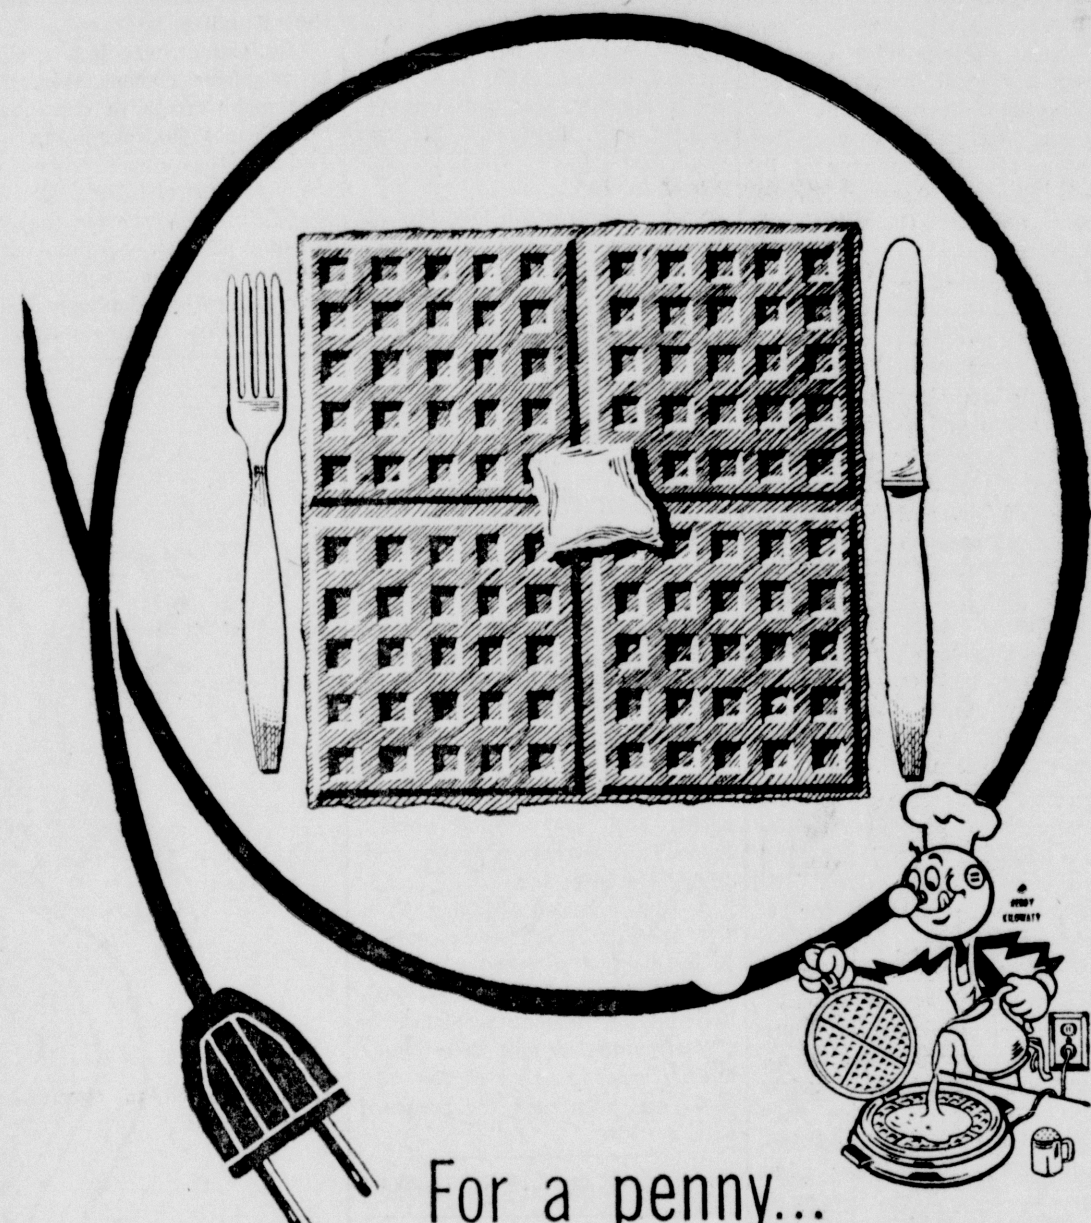

"Why do you think he was a soldier?"

"I saw a picture of him when he crossed the Delaware," he replied, "and a sailor knows enough not to stand up in a rowboat."

It doesn't cost a cent to
Take a Ford Test Drive...
and you may save hundreds!

Would you
trade 20 minutes of your time
for a saving of hundreds?

Why put off the fun of a Ford Test Drive for a single day? As you know, it puts you under absolutely no obligation. And it may save you literally hundreds of dollars—we'll get to that a little further on.

By a Test Drive we mean more than a once-around-the-block "spin."

We want you to test the power that rocketed Ford to a 500-mile stock car record at Indianapolis... the GO that won the grand prize at NASCAR's Daytona Championships. We want you to feel how this Ford seat pays off in your kind of driving: in traffic, passing on the highway, getting going at traffic lights. We'll put either a Ford Six or a mighty V-8 with up to 225 h.p. at your disposal.

We want you to drive and listen—drive and feel.

That fine-car quiet results from sound

insulation under the hood, under the roof, in door and body panels—the most insulation in any car at anywhere near Ford's low price.

Some other things that contribute to that smooth, silent, luxury-car ride are things which Ford's leading competitor certainly can't boast: Ball-joint suspension with wide base control arms for better steering, more stabilized wheel alignment... shock absorbers that are mounted to the frame rather than the body.

"Sure," you'll say as you drive along the road. "Feels pretty good—but after all, this car is new."

Well sir, when you come in from your drive we'll show you why Ford will stay like new for a long, long time.

We'll show you how Ford has five cross-members (including a "K" member) in its frame. Ford's leading competitor only has

two. We'll show you the deep-block Y-like engine design which enables Ford engines to take it.

Now—what you've been waiting for. How can you save hundreds of dollars by taking a Ford Test Drive?

Simply by proving to yourself that there really is a fine car in the low-price field.

You see, the reason a Ford does not cost hundreds of dollars more than it does, is Ford's huge production and the huge volume which we Ford Dealers sell.

But enough of this talk. Come in. And you do the driving and the talking. Bring the family, too.

Cotton Acreage Has Declined in Past 25 Years But Production Has Gained

Cotton acreage has dropped in the nation 37 per cent since 1931 but production by only three per cent. In Texas, John McHaney, extension economist, reports that acreage of cotton dropped 42 per cent during this same period, but production only one per cent.

Production is up because, he says, there is no better income-producing enterprise than cotton for the Cotton Belt. It is a dependable crop and responsive to improved cultural practices. He predicts that acre yields will continue to increase.

Since 1931, nationally, yields are up 52.9 per cent, and in Texas 69.9 per cent. Too, production in the Far West has increased very rapidly where yields average 700 pounds an acre. Other areas making noticeable production increases have been the Mississippi Delta, Lower Rio Grande Valley and the Texas High Plains.

McHaney points out cotton has been planted on the better land and that growers are also using better varieties, cultural methods, following stricter insect control programs, using more fertilizer and irrigation to increase production. Too, he believes, as more and more of the known production technology is applied, yields will continue to rise.

From the consumption standpoint, McHaney says cotton has not shared the increased use of fiber. In 1920, cotton's per capita consumption was 26.5 pounds and in 1954 it was 25.4 pounds. Per capita consumption of synthetic fibers in 1954 was only .1 pound, while in 1920 it was 9.1 pounds. The per capita consumption of wool, silk and flax was 3.5 pounds in 1920 and 2.4 pounds in 1954.

McHaney expects the consumption of cotton to increase with the rising population, but points out that cotton faces a crisis in its research program to meet its competition with other fibers. He says strong competition from foreign cotton producers can be expected, and if present trade policies remain in effect, exports may equal or slightly exceed the average for the past four years. Because of incentives and opportunities to apply technology, production is expected to continue to exceed demand.

Proposed Constitutional Amendments to Be Voted on at an Election to Be Held on November 6, 1956.

HOUSE JOINT RESOLUTION NO. 11 proposing an amendment to Article I of the Constitution of the State of Texas by adding thereto another section, to be designated as Section 15-a, requiring medical or psychiatric testimony for commitment of persons of unsound mind, and authorizing the Legislature to provide for trial and commitment of such persons and for waiver of trial by jury where the person under inquiry has not been charged with commission of a criminal offense.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article I of the Constitution of the State of Texas be and the same be amended by adding another section thereto following Section 15, to be designated Section 15-a, to read as follows:

Section 15-a. No person shall be committed as a person of unsound mind except on competent medical or psychiatric testimony. The Legislature may enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for a waiver of trial by jury, in cases where the person under inquiry has not been charged with commission of a criminal offense, by the concurrence of the person under inquiry, or his next of kin, and an attorney at law appointed by a judge of either the County or Probate Court of the county where the trial is being held, and shall provide for a method of service of notice of such trial upon the person under inquiry, and of his right to demand a trial by jury.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1956, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendment requiring medical testimony for commitment of persons of unsound mind, and authorizing the Legislature to provide for trial and commitment of such persons and for waiver of the right of trial by jury by person alleged to be of unsound mind or his next of kin, and his attorney at law."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment. In counties or other subdivisions using voting machines the above provision for voting for and against this Constitutional Amendment shall be placed on said machines in such manner that each voter shall vote on the machine for or against the Constitutional Amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Don't cry, little man, don't cry...

This unhappy little fellow is learning an important lesson—tears do not solve problems.

Life brings many difficulties to the average person, often heavy burdens of responsibility, grief, and pain that must be met without compromise.

But there is a wise solution for all of us if we fortify ourselves with qualities that will give courage, faith, and hope in the face of all trouble.

In hours of stress and anxiety, the Christian religion is a rock of refuge. In the Church you will find spiritual strength, guidance, and enduring comfort. Go to God's House and put your trust in Him.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Trade Active on Fort Worth Market As Demand for Better Quality Shown

Trade was fairly active and prices were generally steady on cattle and calves at Fort Worth Monday, according to Ted Gouldy, special market reporter for The Herald, in his weekly release. He continues: Again the buyers showed a marked preference for the better quality and the higher yielding types of cattle and calves. Some sales of fed cattle were considered strong, compared with last week.

Butcher hogs and packing sows sold 25 to 50 cents higher. Choice meat type hogs cashed at \$17 to \$17.25, and the less desirable weights and grades sold from \$13 to \$16.50. Packing sows cashed at \$13 to \$14.50. Stags cashed at \$5 to \$8.

Sheep and lambs were fairly active and generally steady. Choice fat lambs topped again at \$20.

Good and choice fed steers and yearlings cashed at \$16.50 to \$22, and common and medium offerings cashed at \$10 to \$16.50.

Fat cows cleared at \$9 to \$11, with a few smooth young cows higher. Canners and cutters sold from \$16 to \$19. Bulls drew \$9 to \$13, with a few lightweight dairy breeds down to \$8.

Good and choice slaughter calves cleared at \$14.50 to \$17 and fancy baby beef calves cashed at \$17 to \$18. Common and medium slaughter calves sold for \$10 to \$14, and culls drew \$8 to \$10.

Good and choice stocker steer calves cashed at \$17 to \$19.50 and were quotable to \$20 in load lots. Stocker and feeder steers and steer yearlings of good grades sold from \$15 to \$17.50, and plain stockers of various ages sold from \$10 to \$13.50. Replacement heifers and heifer calves were quoted \$2 to \$3 under similar quality steers. Stocker cows were slow and weak, a few sales from \$8 to \$10.50.

Good and choice slaughter lambs sold from \$18 to \$20, and cull to medium lambs cashed at \$10 to \$17. Stocker and feeder lambs drew \$13 to \$16.

Slaughter ewes sold mostly from \$4.50 to \$5, with some fresh-

ly shorn ewes downward to \$3. Pelt credit and old slaughter ewes were regarded as worth \$1.50 to \$2 or more per 100, which accounted for the low price offered for those freshly out of the shearing pens. Old wethers drew \$8 to \$12.50. Yearling wethers were reported from \$10 to \$16. Old bucks sold around \$4.

Selection of judges for the September 21 special stocker and feeder show and sale at the Fort

Worth Stockyards was completed this week, according to Henry Elder, secretary of the Texas Hereford Association.

Watt Matthews, Albany rancher, has accepted a bid to judge one of the six classes. Rounding out the staff of judges are Kirk Edwards of Henrietta and Clyde Wells of Granbury, manager of the John R. Black Estate ranch.

Judges who had accepted earlier include D. W. Lewter, Lubbock feed lot operator; Bill Green, Albany rancher; and Jeff Slocum, Cresson rancher.

Judging of these special sales events has been one of the highlights of the affairs, and competition has been keen among the

producers of quality commercial cattle.

First September event at the yards will be the stocker and feeder show and sale for Aberdeen-Angus cattle. This sale will be held September 7. Last year the September sale of blacks attracted over 2,700 cattle, and this year it is expected that that many or more may be offered.

The dry conditions over much of the territory have made predictions difficult on how many stockers and feeders will be available at that time.

Currently the rise in fat cattle prices and consistently good demand for stockers and feeders is

being viewed as an optimistic sign for these prices to be paid this fall on the available stockers and feeders.

Bob Stark of Mendota, Illinois feeder buyer, reported here this week that a load of champion Angus feeders he bought here last year sold on the Chicago market recently at \$24.50.

These cattle were the first to bring that price at Chicago and were sold a few weeks ago just as the market started to rise. They brought \$25 as feeder calves here last year.

Mormons, headed by Brigham Young, founded Salt Lake City in July, 1847.

HOUSTON VISITORS HERE.

James Nicholson and family of Houston are visiting his mother, Mrs. G. A. Nicholson, and other relatives and friends in the Hamlin community this week.

Longhorn cattle were brought to Mexico by the Spaniards in 1521.

COOL EGGS GET PROFIT.

Texas egg producers who sell on a grade basis are finding that on-the-farm egg cooling equipment, when used with frequent deliveries to the grading station, is both economical and profitable.

DON'T SEND THEM AWAY

... let 'em work for us
a while longer

It doesn't take a great MANY dollars to keep the wheels turning in a community like ours ... but it does take dollars that are CIRCULATING in the local trade channels.

A GONE DOLLAR ... gone to some other trade area ... does not merely cost us \$1 of lost trade volume ... instead, we lose the UNTOLD value of that

dollar's continued activity in our midst.

FOR every time a dollar turns over again in this community, it gives us another lift toward better job and business opportunities for all of us ... better school, church, and other civic facilities ... and more fine people as friends and neighbors and co-workers.

WE can get far more from every one of our dollars ... in material and social benefits ... if we keep them at home where they can work for us ... instead of sending them away to start working for somebody else.

If we'll let them stick around longer, we can get a lot more work out of our dollars.

HOUSE JOINT RESOLUTION NO. 44 proposing an amendment to Article XVI, Section 1, of the Constitution of the State of Texas, changing the form of the Oath of Office to include appointive officers of the State.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 1 of Article XVI of the Constitution of the State of Texas be amended to hereafter read as follows:

"Section 1. Members of the Legislature, and all other elected officers, before they enter upon the duties of their offices, shall take the following Oath or Affirmation: 'I, _____, do solemnly swear (or affirm), that I will faithfully execute the duties of the office of _____, of the State of Texas, and will to the best of my ability preserve, protect, and defend the Constitution and laws of the United States and of this State; and I furthermore solemnly swear (or affirm), that I have not directly nor indirectly paid, offered, or promised to pay, contributed, nor promised to contribute any money, or valuable thing, or promised any public office or employment, as a reward for the giving or withholding a vote at the election at which I was elected. So help me God.'"

The Secretary of State, and all other appointed officers, before they enter upon the duties of their offices, shall take the following Oath or Affirmation: 'I, _____, do solemnly swear (or affirm), that I will faithfully execute the duties of the office of _____, of the State of Texas, and will to the best of my ability preserve, protect, and defend the Constitution and laws of the United States and of this State; and I furthermore solemnly swear (or affirm), that I have not directly nor indirectly paid, offered, or promised to pay, contributed, nor promised to contribute any money, or valuable thing, or promised any public office or employment, as a reward to secure my appointment or the confirmation thereof. So help me God.'"

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1956, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment providing the form of the Oaths of Office for elective and appointive officers of the State."

"AGAINST the Constitutional Amendment providing the form of the Oaths of Office for elective and appointive officers of the State."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published as required by the Constitution and laws of this State.

HOUSE JOINT RESOLUTION NO. 9 proposing an Amendment to Section 11 of Article I of the Constitution of the State of Texas by adding a new subsection to be designated as Section 11a, relating to denial of bail to a person charged with a felony less than capital who has been convicted twice of a felony; providing for the submission of the proposed Amendment to a vote of the people and for proclamation and publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 11 of Article I of the Constitution of the State of Texas be amended by adding a subsection there-to to be known as Section 11a and to read as follows:

"Section 11a. Any person accused of a felony less than capital in this State, who has been theretofore twice convicted of a felony, the second conviction being subsequent to the first, both in point of time and commission of the offense and conviction thereof may, after a hearing, and upon evidence substantially showing the guilt of the accused, be denied bail pending trial, by any judge of a court of record or magistrate in this State; provided, however, that if the accused is not accorded a trial upon the accusation within sixty (60) days from the time of his incarceration upon such charge, the order denying bail shall be automatically set aside, unless a continuance is obtained upon the motion or request of the accused; provided, further, that the right of appeal to the Court of Criminal Appeals of this State is expressly recorded for the accused for a review of any judgment or order made hereunder."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1956, at which election all ballots shall have printed thereon the following: "FOR the amendment to the Constitution of the State of Texas providing that a court, judge or magistrate may deny bail to a person who has been convicted of two (2) previous felonies."

"AGAINST the amendment to the Constitution of the State of Texas providing that a court, judge or magistrate may deny bail to a person who has been convicted of two (2) previous felonies."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.
